Please note this is purely for planning purposes and ensuring the aircraft's calculations are within the legal limitations.
- Passengers travelling on a seat-in-plane rate basis may have up to 2 stops en route to their final destination.
- The above rates are only valid for bookings made at least 14 days prior to departure. A cancellation policy is applicable.
- On occasion, flights may be affected due to extreme weather conditions. The safety of guests is paramount, and the charter company reserves the right to delay departures or cancel a flight if the conditions are too risky to fly in. We cannot be held responsible for any changes, delays or cancellations due to weather conditions beyond our control. As such, guests should have sufficient and applicable travel insurance in place for this.

- Guests cannot connect to Sapi Reserve from Victoria Falls ex scheduled commercial flights, nor from Sapi Reserve back to Victoria Falls for onward scheduled commercial flights, as timings do not allow for the connections. In these instances, an overnight in Victoria Falls will be required. As such, guests are recommended to book a private charter if they wish to catch same-day connecting regional and international flights leaving Zimbabwe.
- Payments for flying services are governed by our standard payment policy, which is available on request.
- Air transfers cancelled more than 14 days prior to departure date incur no cancellation fee.
- If air transfers are cancelled within 14 days prior to travel, 100% of the total fare is liable.
- We can accept no responsibility for any delays caused by unforeseen circumstances, mechanical breakdowns, diversions due to weather or any other cause. However, we will endeavour to rectify the situation to the best of our ability.
- Our flying partners may substitute the originally confirmed aircraft due to unforeseen factors.
- Prices are based on current fuel pricing and applicable government taxes in Zimbabwe. An escalation in fuel and/or taxes will influence the price and we reserve the right to adjust the prices quoted without prior notification.
- Certain airstrips may be out of service during Zimbabwe's rainy season (typically November to April). In these cases, the closest alternative airstrip will be used. It is imperative that passengers have adequate Travel Insurance to cover cancelled flights, costs of alternative accommodations/arrangements and possible missed onward connections.
