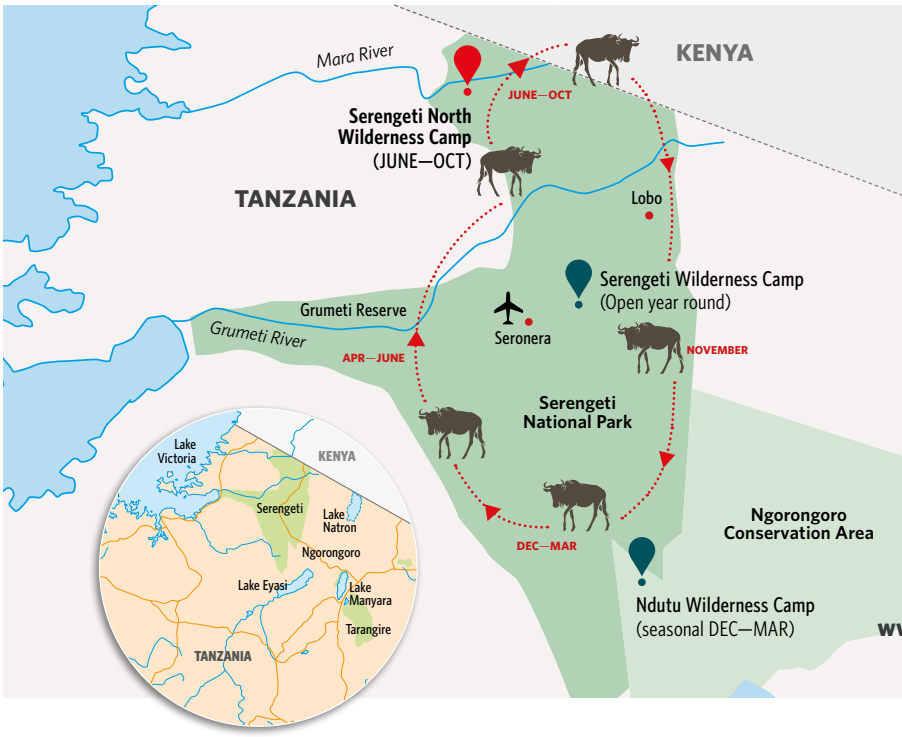
SERENGETI
NORTH WILDERNESS CAMP

Welcome to SERENGETI NORTH WILDERNESS CAMP

Our seasonal Serengeti North Wilderness Camp is quietly tucked away from the crowds, yet perfectly positioned near key Mara River crossing points. By moving with the herds, we place ourselves in some of the top game viewing areas in the park. The tented camp offers a relaxed, authentic safari experience with personalised service, delicious food and the warm hospitality Tanzania is known for. Thoughtfully designed with sustainability in mind, this eco-conscious camp runs on solar power and features gravity-fed showers powered by an efficient solar water heating system to reduce both water and energy consumption.



LOCAL AREA

The northern Serengeti captivates with its rolling hills, riverine forests and granite outcrops. From mid June to October, it's the hotspot for the Great Migration's dramatic Mara River crossings — but there's far more to experience here. Big cats — lion, cheetah and leopard — elephant, buffalo, eland, gazelle and an abundance of birdlife are often spotted near camp and on game drives. Take to the skies on a balloon safari for spectacular views.

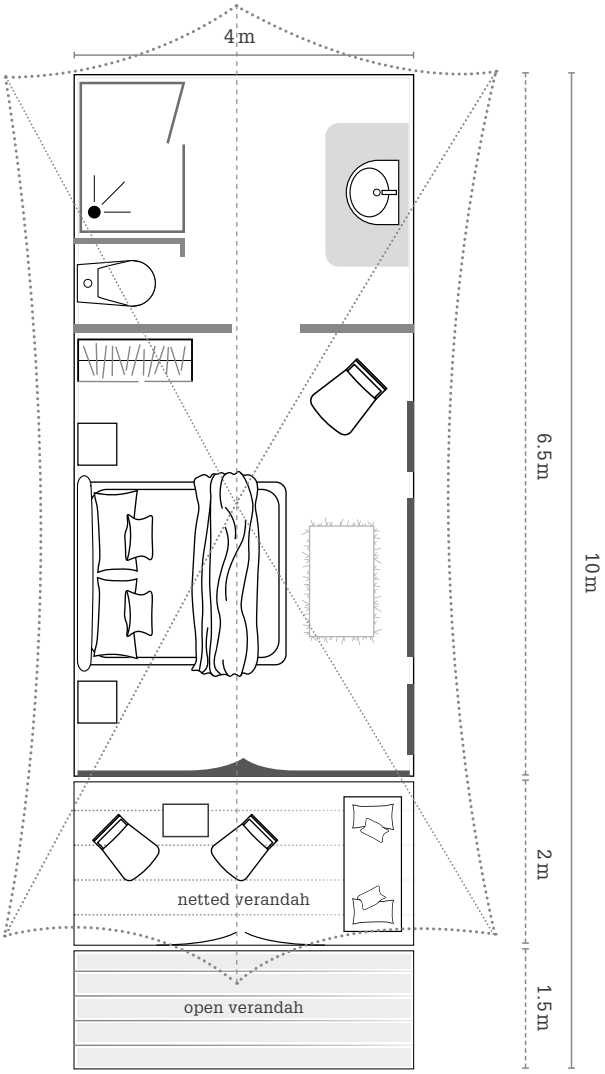
RELAX UNDER CANVAS COMFORT

Ten spacious new tents (10m x 4m) are comfortably furnished and well-spaced for added privacy. Each features a generous verandah with both an open and a cool netted sitting area – perfect for relaxing by day or night. Inside, you'll find an ensuite bathroom with a vanity basin, gravity-fed shower, and toilet. Drift off to sleep to the sounds of nature, then wake to fresh tea or coffee delivered to your tent – best enjoyed on your verandah, which features with a comfy day bed, chairs and a table. The family tent is ideal for families with young children (min age 6 years).

YOUR STAY MATTERS

A portion of every night spent on safari with us contributes to our Sustainable Tourism Fund, supporting projects like the Kilimanjaro Tree Project and The Serengeti De-snaring Programme.



AT A GLANCE

Kogatende, North Serengeti

30 minute drive from Kogatende airstrip

Full day drive from central Serengeti

Seasonal Camp
