

BRAVE AFRICA 2027

Brave Africa Safaris is a boutique, luxury mobile safari company operating in Botswana's Okavango Delta and Chobe National Park. We are ideal for guests seeking an authentic under-the-canvas safari experience while still craving the comfort and convenience of a fully serviced safari lodge. With limited guest capacity (five double tents and a family tent—twelve guests total), personalized service and passionate care are a guarantee and a commitment we uphold.

Fall in love with Botswana's wilderness!

Brave Africa is an intimate, mobile tented camp that allows guests to fully immerse themselves in the sights, sounds, and smells of the Botswana bush. Safaris don't get more real than this! Our mission is to create one-of-a-kind safari experiences based on our deep knowledge and love for the bush, wildlife, and people.

With immersive stops in four of the most beautiful and wildlife-dense areas of Botswana—Moremi, Khwai, Mababe, and Savuti—Brave Africa's mobile-tented safari is ideally set up to explore the diverse landscapes of the Okavango Delta, Moremi Game Reserve, and Chobe National Park. Guests can set their itinerary for 3+ nights, with most guests choosing a 9-night or 6-night trip.

As a mobile operator, we strive to leave nature untouched by our presence by having no permanent structures, reducing plastic waste through reusable water bottles for every guest, and using solar power when possible. Our focus is social and environmental responsibility, incredible hospitality, and delighting guests at every turn.

Brave Africa guests enjoy customizable game drives where they set their daily schedule, even if that means all-day drives from sunrise to sunset. Guiding is at the heart of who we are! Our **level 3 guides** are highly regarded Batswana who departed guiding leadership positions at some of the largest and most prestigious safari companies in Botswana. Their deep knowledge of their native country, their respect for the wildlife, and their passion for high-quality hospitality shines on every safari.

We look forward to partnering with you and hosting your clients on our safari adventure!

Brave Africa Safari Overview

The following summarizes the type of guests who would enjoy our safari experience the most.

- Adventurers
- Groups (12 or less)
- Families with kids
- Returning safari enthusiasts
- Environmentalists
- Socially responsible
- Value-focused
- Photographers
- Extended stay safaris

Our Camp Experience

- **Mobile Glamping**: We are a locally owned boutique safari operator, offering a comfortable, authentic, and full-service safari-under-canvas in Botswana's Okavango Delta region for parties up to 12. Our full-time staff take care of all camp accommodations—just like at a lodge—including daily room cleaning and laundry, chef-made meals prepared in our mobile kitchen, drink service, tent setup and tear down for move days, and more.
- **Locations**: Our camps are located in four exceptional regions: Moremi Game Reserve, Khwai Community Concession, Mababe, and Savuti (within Chobe National Park.)
- **Luxury Tents**: Guests enjoy large 3-room tents. The first room includes a double mattress (or two separate twins) with plush toppers and chests for storage. The second room includes a flushing toilet, wardrobe, and sink area. The third room is open to the sky and provides guests with a bucket shower (hot or cold on demand). A larger family tent is also available upon request.
- **Gourmet Dining**: We have a dedicated chef with a portable kitchen—including stovetop and oven—so that guests enjoy gourmet meals throughout their stay with us, including chef-prepared lunches in the bush. Alternative menus for vegan, religious, and other dietary restrictions are available for the entirety of their stay on request.

Our Safari Experience

- **Camp Transfer Day:** On move days, guests leave camp early for an all-day game drive with a chef-cooked lunch. Back at camp, our team dismantles the entire camp and loads it into our two moving vehicles. Our team then drives to the next camp and sets up everything in time for dinner. When guests arrive, the camp looks exactly the same as when they started their day except it is in a new location.
- **Fully Equipped Vehicles**: We customized our safari vehicles with 2 USB ports per seat (for device charging during game drives), multiple outlets for plugging in large electronic devices (on a separate car battery), a refrigerator for cold drinks and snacks during game drives, and adjustable armrests for photography. We also have a portable toilet available for guests to use while on game drives.
- **Focus on Time with Wildlife**: Unlike a lodge, we allow our guests to determine their daily safari schedule without having forced returns to the camp for meals/siestas. This means that guests can spend as long as they want on game drives (all day if they want). This feature is particularly important for returning safari enthusiasts as they best understand the importance of not missing out on any opportunity to see wildlife.
- **Additional Safari Activities**: More than just traditional game drives, we also offer walking safaris, night drives and stargazing, mokoro, boating safaris, village visits, traditional breadmaking, children's activities (such as archery, sling shooting, tracking, and animal passport book).

Our Social and Environmental Responsibility

- **Socially Responsible**: We are owned and operated by locals. One of the core reasons for starting Brave Africa was so that the benefits of the business—financial benefits, career advancement, and even ownership equity—would remain with the local people.
    - We did not retrench a single employee during the pandemic, but continued to pay them throughout the prolonged shutdown and gradual tourism recovery because it was the right thing to do.
- **Environmentally Responsible**: As a mobile operator, we aim to leave nature untouched by our presence as much as possible.
    - Plastic. Every guest receives a reusable water bottle (with straw) made from recycled plastic to minimize plastic waste.
    - Electricity. We use portable solar panels and batteries to provide for the camp's electricity needs including refrigeration, lights, and guest devices.
- **Direct Contribution**: A portion of every guest-night goes towards Botswana-specific social and wildlife charities and non-profit organizations that have solid reputations within the community.

Our President and Head Guide

Tabona Wina, a local Motswana with 15 years of experience as a safari guide, founded Brave Africa and is our President and Head Guide. It was his dream to create Brave Africa Safaris and provide a unique luxury mobile glamping experience in Botswana.

It is his ability to completely change a potentially negative guest experience to an incredibly positive experience that has won the hearts of his guests. Wina is the beating heart of Brave Africa and his commitment to the guest experience has no rival.

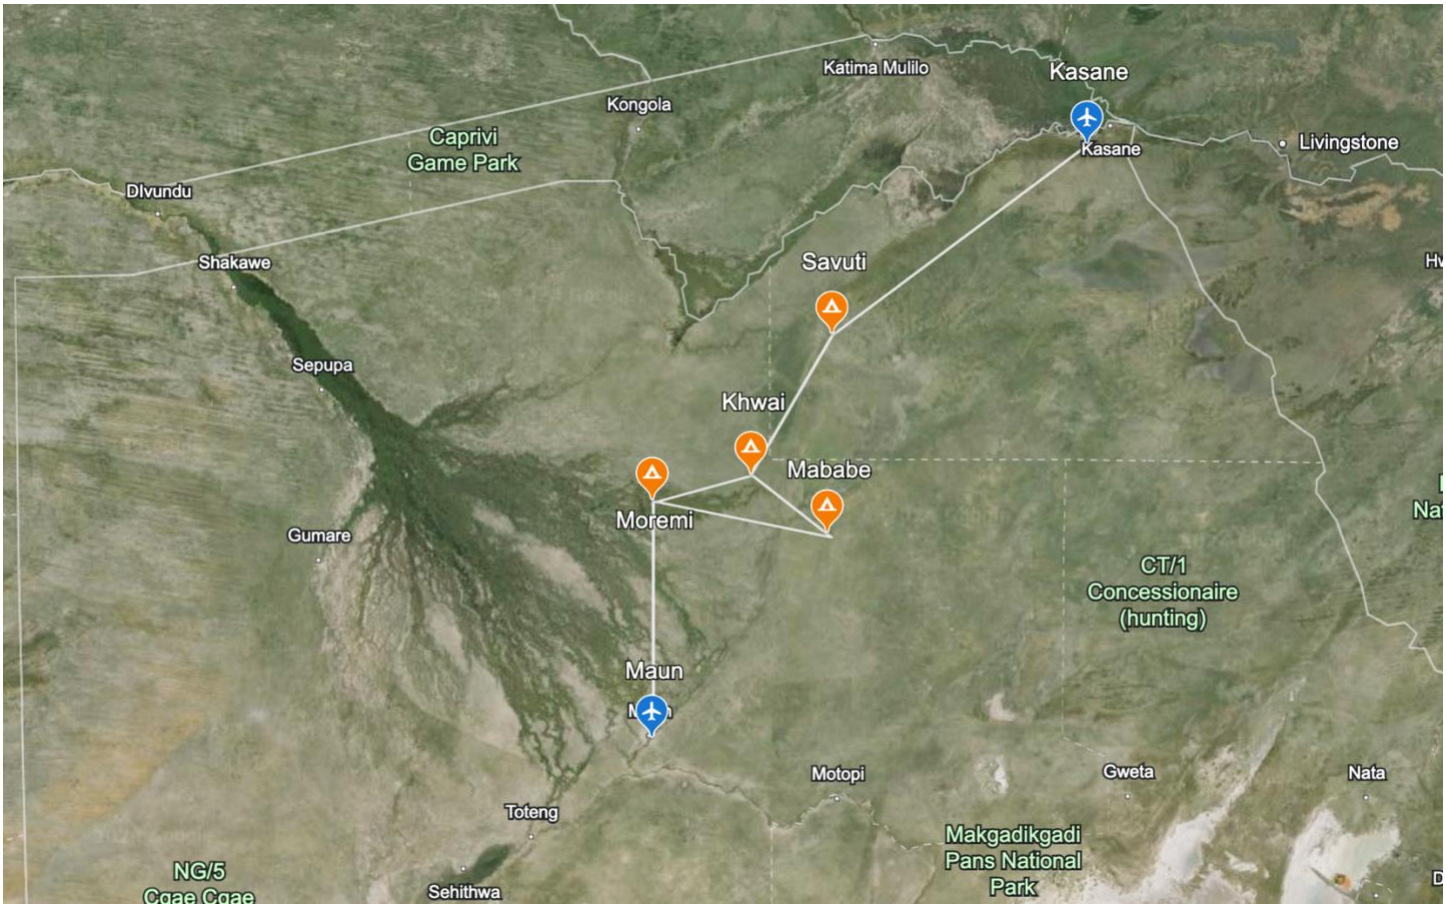
Safari Camp Locations

We take guests to four of the best wildlife destinations in Botswana. Each spectacular location is highly unique and offers differing landscapes and adventures for our guests.

Location Information & Requirements

- Guests must stay a minimum of three nights in each location, except if their trip is 5 or 8 nights, then they can stay just two nights in their final location. For example: 3N Khwai & 2N Moremi.
- To choose Savuti as a camp location, guests must also choose Khwai—unless Savuti is their only destination. Travel between Savuti and Moremi/Mababe is too distant for transfer.
- Transfers between locations (and locations themselves) may be dependent on water levels, weather, and other safety concerns at the time of travel. Flooding and mud can make certain locations impossible to reach. Itineraries do not guarantee camp locations only nights on safari.
- Optional activities vary by location and should be booked in advance of travel. You can see which location offers which activity below or in our activities section. All activities are included in the rate (except for helicopter safaris).



Moremi / Moremi Game Reserve

The Moremi Game Reserve on the Moremi Lagoon is an incredible destination known for having varied habitat and exceptional flora and fauna. Enjoy the mix of forests, seasonal floodplains, open savannah, and permanent lagoons. It's a premier birding destination, and rich in wildlife.

- Optional activities include boating and helicopter-based safaris.

Khwai Community Concession

The Khwai Community Concession is located north of Moremi on the other side of the Khwai River. It's an incredibly scenic area with sweeping grasslands, forests, flooded pans, and the beautiful Khwai River running through all of it. The area is a hub for wildlife viewing.

- Visit and walks through Khwai Village and potential night drives, walking safaris, mokoro, and stargazing.

Mababe Private Reserve

Mababe Private Reserve is part of the Mababe Zokotsama Community Development Trust (MZCDT). It is known for its diverse ecosystems, lush habitats, and distinctive natural beauty. Guests can visit the Mababe Depression marsh, which covers 2,900 square kilometers, and offers a nutrient-rich grassland.

- Additional activities include Mababe village visits, walking safaris, and night drives.

Savuti / Savute Reserve (Chobe National Park)

The Savuti Reserve takes you further north into the enchanting Chobe National Park. It's a big game area famous for its predators. A remote and wild corner of Botswana, Savuti has a desert-like landscape with sweeping plains, the Gubatsa Hills, and precious few watering holes.

- Hike to rock wall paintings and Baobab tree viewing.

Move Day and Transfers

Move Day Transfers Between Brave Africa Locations

With Brave Africa, the move from one region to another is an all-day game drive. Our guests do none of the work. Instead, guests leave camp in the morning and view wildlife all day while traveling in the direction of the new camp location. **Meanwhile, our staff:**

- Dismantles camp while guests are out on a game drive,
- Moves directly to the new location using large moving vehicles,
- Reassembles camp in time for guest arrival at dinner.

A move day is just like any other day with Brave Africa except guests start their morning game drive in one location and end the day at the next location with camp already 100% setup. No time is lost away from the bush. For additional information, please see our YouTube video at: https://youtu.be/jOE0PxWGv2o

Bush Flights (2027 Estimates)

- **Savuti Charter**: Landing at Savuti airstrip
- **Khwai Charter**: Landing at Khwai airstrip
