Etosha National Park Experiences

Etosha National Park is a 22 750 km²wildlife sanctuary in Namibia and the name means 'Place of Dry Water'.

This name refers to a flat calcrete pan of about 5000km². The Pan provides an amazing, silver-white backdrop of shimmering images to an area of semi-arid savannah grassland and thorn trees. You will find water in the pan only after very good rains, and sometimes only a few days each year, but this is enough to let the blue-green algae grows which lures thousands of flamingos! There are close to 114 species of mammal in Etosha – this includes black-faced impala, the threatened black and white Rhino, Lion, Leopard, Elephants, Giraffe and many more!

Join us on one of our Game Drives and experience the wonder that the Etosha National Park has to offer...

Omapaha Traditional Himba Village

Join us on a guided visit to the Omapaha Himba Village and discover the customs and lifestyle of the Ovahimba Tribe. This Village was established to conserve the Himba Culture and Traditions.

Omapaha is not a show village, nor a human zoo. It is a cultural exchange where people can learn about these amazing nomadic people before their heritage become lost forever due to the fact that the western world is evolving at the speed of light...

The people at the village currently take care of 15 orphaned children.

The funds generated by these tours are being used to take care of them and the families in the village responsible for taking care of the orphans.
