We are committed to removing all single-use plastic items from the guest experience. This is a major step towards reducing environmental impacts and strengthening efforts to combat plastic pollution.

As of 2022, Cape Grace continues to strive to remove all single-use plastics from the guest journey, offering reusable water bottles in guest rooms instead of single-use bottles and, swapping out our gifting products with responsible packaging. Furthermore, we have replaced plastic miniature bathroom amenities with full size refillable Le Labo bathroom amenities, such as shampoos and conditioners.

Our guestroom key cards have also transitioned from plastic to custom-made bamboo cards, adding another effort in further reducing the amount of plastic used throughout the hotel.

Cape Grace partnered with Swedish bicycle and lifestyle brand, Vélosophy, and Nespresso to offer guests bicycles made from 95% recycled aluminum from recycled Nespresso coffee capsules. Guests can explore Cape Grace's stunning surroundings with a fleet of eco bicycles – offering a fun and eco-conscious way to discover the beauty of the Cape. Together, Cape Grace, Nespresso, and Vélosophy RE:CYCLE demonstrate that even the tiniest act, such as recycling a coffee capsule, can kickstart a powerful ripple of reinvention.
