ABOUT CAPE TOWN

Framed by ocean and mountain, with a national park at its heart and marine reserves along its coast, Cape Town is widely regarded as one of the world's most beautiful cities. It offers a vibrant mix of natural beauty and urban energy, with everything from bustling markets and world-class restaurants to live music venues, art galleries, theatres and nightlife. The Cape Cadogan Boutique Hotel sits in the suburb of Gardens, right in the lively Kloof Street Neighbourhood. Just a short walk from cafés, bars and boutique shops, and within easy reach of major attractions, it's ideally placed for exploring the city.

ABOUT THE HOTEL

The Cape Cadogan Boutique Hotel is a restored National Monument from the early 1800s that was beautifully renovated in 2022 to blend heritage with contemporary luxury. The interiors are now styled with rich emerald greens, confident black-and-white details, and bold gold accents. Each of her 29 rooms and suites is furnished for comfort. The new Stable Suites offer ideal options for families or groups, with interleading and multi-bedroom configurations. Guests can relax in stylish shared spaces, whether soaking up the sun by the pools, enjoying quiet moments in the lounges, or taking time out in the wellness and fitness centre. The newly built Botanical Conservatory adds a touch of nature, while the Cadogan Bar brings a lively social energy to the hotel. A collaboration with Everard Read introduces contemporary African art throughout the hotel. Located on Cape Town's Kloof Street, Cape Cadogan is close to boutique shops and restaurants, including the neighbouring Upper Union Restaurant.

ABOUT THE RESTAURANT

Designed for the creative and the curious, Upper Union Restaurant offers a lively dining experience. Executive Chef Amori Burger takes global inspiration and turns it into a menu of bold, flavour-driven dishes made to be shared. Served family style, each dish is generous and indulgent with punchy flavours. The menu changes with the seasons, showcasing fresh, locally sourced ingredients at their best. The experience is made even better with expertly crafted cocktails from our in-house mixologists or sipping on one of our carefully selected wines.

Address: 5 Upper Union Street, Gardens, Cape Town

WEATHER

Cape Town enjoys a Mediterranean climate, with warm, dry summers and cool, wet winters. Average maximum temperatures range from 18°C (64°F) in July to 27°C (81°F) in January, with July also seeing the lowest average minimum of 7°C (45°F). Most of the city's 788 mm (31 in) of annual rainfall falls between May and August. With over 250 days of sunshine each year, Cape Town is generally bright and pleasant, but it's not uncommon to experience 'four seasons in a day', so a light windbreaker is recommended, especially in spring or autumn.

BEST TIME TO TRAVEL

Cape Town is a year-round destination, with each season offering something unique depending on your interests. September marks the start of spring and the whale-watching season. The summer months from December to March are the hottest and most popular, perfect for beach days and outdoor activities. Autumn and winter (May to August) bring cooler temperatures and are ideal for thrill seekers, with excellent shark-cage diving conditions. The Cape Winelands are worth visiting in any season, offering exceptional food, wine, and scenery throughout the year.
