The 'Frames' refers to signature decks which shape your view of Australia's famous Murray River. Maverick architect Paul Pruszinski designed this extraordinary property on an elevated position at the gentle river crossing of Paringa in South Australia's Riverland region.

AUSTRALIA'S MAJESTIC MURRAY RIVER

At 2,508km long, The Murray River is Australia's longest river and the 3rd longest navigable river in the world. It has travelled 2,200km from the Kosciuszko National Park by the time it reaches The Frames.

With abundant tributaries and wetlands to explore, the river offers guests the experience of being immersed in an ecosystem that is truly unique to Australia.

CATHY AND RICK'S STORY: THE INSPIRATION BEHIND THE FRAMES

Multiple award winning, The Frames, is the creation of Rick and Cathy Edmonds, owners of a Riverland citrus farm, a grape-growing business and a previous portfolio of other award winning visitor accommodation in South Australia, Victoria and New South Wales.

"We're incredibly busy running our different operations" says Cathy, "so when we seek out an escape, we're looking for somewhere that offers absolute luxury, so we can truly recharge and reconnect".

"We have experienced some beautiful places around Australia but we've never quite found what we really want. In the end there was only one option...build it for ourselves!"

The Frames is a place to leave the maddening world behind and escape into a truly gorgeous setting. It's the chance to rejuvenate, recharge and relax by getting together and celebrating the best and most luxurious things life has to offer.

We built The Frames with this in mind and extend our invitation to you to be a part of creating your own memories in this wonderful part of outback South Australia's Riverland region.
