

June 2026

Dear Travel Partner

CONFIRMATION OF PUBLIC AREA RENOVATIONS 2027

Views Boutique Hotel & Spa is very excited to confirm that we will undergo extensive public area renovations from 01 May 2027 to 31 August 2027. The areas affected will include the hotel reception, foyer and mezzanine level, Views Restaurant as well as Views Wellness Emporium including the boutique, gym, and hydro lounge.

Due to the extent of the work the hotel and all outlets will be closed during the above-mentioned period. The recently launched Views Villa will be closed from 01 May 2027 to 30 June 2027 and will not be affected by the renovation work.

We look forward to updating you with more information regarding the scope of work once this becomes available. All inventory for the period is already closed out with no live availability.

Until then, we hope to closely work with you and our guests to ensure memorable stays and prosperous days.

Yours Enthusiastically
