## SAWUBONA AND WELCOME TO BABANANGO GAME RESERVE

---

Babanango Game Reserve, located in the heart of Zululand, KwaZulu Natal, is a showcase for one of the most ambitious rewilding projects in Southern Africa in recent years. Set among the breathtaking topography of the upper White Umfolozi River Valley, the reserve occupies a vast wilderness area of over 20,000 hectares that is steeped in Zulu history and layered upon geological features that date back to the beginning of time. The rugged mountains and valleys provide refuge for an extraordinary diversity of birds, plants, insects, reptiles, and mammals, including the elusive aardvark and aardwolf. With the recent return of the African elephant, Babanango Game Reserve is Big Five. With highly knowledgeable guides and a range of activities to choose from, visitors to Babanango Game Reserve can be assured of an unrivalled safari experience. Significant historical battle sites, such as Isandlwana and Rorke's Drift, are located close by, providing guests with an opportunity to absorb the region's fascinating past while immersing themselves in an authentic wilderness experience in a part of Africa that has been lost in time.

## CONNECTING CONSERVATION & COMMUNITY

---

Babanango Game Reserve is the legacy of a unique partnership between forward-thinking local communities with land-ownership rights and committed philanthropic investors who recognized the importance of sustainable conservation practices in support of both people and planet. The land, now under formal conservation stewardship, was previously under severe duress following decades of intensive cattle grazing and illicit hunting. Following a landmark agreement with local communities, a major infrastructural investment and rewilding programme commenced and today the reserve is well on track to being returned to its natural state. Nearly 74% of the total reserve area has been contributed by the surrounding community trusts namely, Emcakwini, Esibongweni and KwaNgono, bringing the community land ownership into the core of this conservation project. The lease income generated by the community trusts from Babanango Game Reserve accrues to the beneficiaries to enhance their collective quality of life. The real value for local communities has come from the wealth of new jobs, with 60% of the approximately 220 permanent positions being filled by staff drawn from local communities. The project is fully committed to skills development, upliftment, and vocational training and all around the reserve a new 'wildlife-economy' is beginning to take root as entrepreneurship emerges in the neighbouring communities.

## VALLEY LODGE

---

Nestled in the south of Babanango Game Reserve, Valley Lodge offers a serene escape in nature. Its nine adjoining luxury rooms provide splendid views of indigenous gardens designed by horticulturalist Chris Dalzell. With a maximum capacity of 18 guests, the farm style lodge ensures a comfortable experience. Unlike others, it is fenced off for safety, privacy, and exclusivity. Guests can enjoy panoramic views from infinity and splash pools or relax by the fireplace. The library offers books on local history and bird species. In the evening, the outdoor boma with a firepit creates a cozy atmosphere. The lodge's culinary experience includes family style lunches, handcrafted cocktails, and traditional South African-style potjiekos and braais. Additionally, the lodge offers a unique chance to explore South Africa's captivating history. Located near the iconic battle sites of Isandlwana and Rourke's Drift, guests can embark on a full-day battlefield tour. Immerse yourself in the landscapes where courageous battles unfolded, gaining profound insights into the country's rich history.
