Adventure-loving oenophiles are invited to veer off-piste on a wine tasting Jeep trail from Mount Nelson. Plunging into the fabled Constantia Winelands, the scenic tour visits three historic wine estates via private roads rarely open to visitors. Highlights include tasting the “best sauvignon blanc in the world”, meeting the region’s youngest female winemaker and feasting on tapas with sparkling Méthode Cap Classique refreshments.

The experience includes two nights in a Deluxe Room. The Winelands adventure begins after breakfast, culminating in a farm-to-table dinner back at the hotel in the evening. Linger longer to explore the expansive gardens and relaxing facilities of our urban oasis. Start the day with alfresco yoga or a dip in the pool. Wind down with a cocktail at the Planet Bar.
