KORO RIVER CAMP

TULI BLOCK - BOTSWANA

A New Destination in Botswana

The Location

Koro River Camp is located on the mighty Limpopo River in the Kwa Tuli Private Game Reserve in The Central Tuli Block. The Central Tuli Block is a large wilderness area in excess of 60,000 hectares bordering the famous Northern Tuli Block. Completely unfenced it is home to large herds of elephants, eland, brown and spotted hyena, lions, the occasional cheetah but foremost and for all, home to a large leopard population. Over and above this the bird life in our area is comprised of a number of rare and endangered species such as the Pel's Fishing Owl, various Parrot species and variety of Storks. Within this area Koro River Camp has the exclusive and sole rights to traverse in an area of no less than 6,000 hectares and in total more than 10,000 hectares.

The game in combination with the spectacular diverse landscape varying from koppie (rocky hills) ranges to natural springs, open savannah and one of the most unique riverine forests makes the Camp a destination for the experienced traveler.

The Accommodation

Koro River Camp comprises of 7 tent combinations whereby each tent is built on a large deck of approximately 100m² all directly bordering the Limpopo River. It sleeps maximum 18 people and each tent is set apart far from the others in order to guarantee maximum privacy. One tent combination has two extra smaller guest tents specially designed for small families and is set apart from the other 6 tents. Each tent has a luxury bathroom, indoor and outdoor shower and its own plunge pool.

It furthermore has a central complex with a large indoor dining/bar area what can be used for conferences as well, a separate lounge tent if one wants to read or just enjoy a drink in solitude and a luxury boma area in which the chef will prepare your dinner whilst you sip your drinks next to the fire.

To complement the facilities, a small wellness area has been erected on the river bank where you can watch the hippos and crocodiles whilst undergoing a relaxed treatment.

Activities

We consider Koro River Camp a destination for the experienced traveler who wants to do more than go on a game drive. The traveler who wants to immerse himself or herself in the environment, the landscape and absorb his or her surroundings. Who takes the time to learn more about a certain animal species and is willing to spend a few days doing so.

Or simply wishes to participate in one of the special activities we organise on certain times of the year. These activities are:

Bird watching under guidance of one of our world renowned guest birders

Exclusive participation in a.o. our leopard research projects or re-introduction of endangered antelope species

Master classes drawing with international award winning artist Warren Cary

Master classes bush cooking and wine tasting with our partner wine estate under the guidance of one of our international renowned guest chefs

Regular activities are game drives twice per day, walking safaris and spa treatment. Furthermore we organise heritage tours to our rock art sites, late stone age sites, community/village tours, Spiritual Sangoma experiences and Yoga classes with a renowned teacher on various stimulating locations in our reserve. Astronomy evenings and bush dinners are organized regularly depending on weather conditions.
