Please note, South Africa’s vast road network is one of the largest and most interconnected in the sub-Saharan region, meaning roads are well-used and extremely busy. When travelling to &Beyond Ngala Private Game Reserve, please drive with caution and be aware of other motorists and trucks on the road, as well as poor road conditions and pothole deterioration in some areas. Please allow for additional travel time to the reserve and remember to take regular pit stops.

Avoid travelling after dark and be aware of the Orpen Gate closing times.

Once you pass through the national park boomed gate, you enter a Big Five wilderness area where wildlife moves freely. For your safety, please remain inside your vehicle at all times and obey the posted speed limits.

We recommend calling Ngala Safari Lodge as you pass through the Orpen Gate so we can prepare for your arrival and assist promptly should you experience any vehicle issues. Please note that mobile signal inside the reserve is limited.

Wherever possible and available, we do provide covered parking for guest vehicles. However, please be advised that we cannot be held responsible for theft, loss or damage while vehicles are parked on our premises.

As you will be entering reserves with wild animals, and driving over gravel roads, &Beyond recommends you take appropriate vehicle insurance cover and consider excess-waiver cover.
