PLEASE NOTE:

The route via Orpen Road is currently inaccessible because a bridge on the R531 has been washed away. Please use the alternative route via Enkhulu Gate (Timbavati Gate).

If using a GPS, enter Enkhulu Gate (Timbavati Gate) for all routes. Do not enter Ngala Safari Lodge. We recommend using GPS only on main roads. GPS maps rarely include dirt roads, so please follow the directions provided to reach the lodge.

Should you require assistance, kindly call the lodge on +27 87 655 1416/7 or alternatively Ngala Tented Camp on +27 10 040 8072.

Please note, South Africa's vast road network is one of the largest and most interconnected in the sub-Saharan region, meaning roads are well-used and extremely busy. When travelling to &Beyond Ngala Private Game Reserve, please drive with caution and be aware of other motorists and trucks on the road, as well as poor road conditions and pothole deterioration in some areas. Please allow for additional travel time to the reserve and remember to take regular pit stops.

Avoid travelling after dark and be aware of the applicable gate closing times.

Once you pass through the Enkhulu Gate gate, you enter a Big Five wilderness area where wildlife moves freely. For your safety, please remain inside your vehicle at all times and obey the posted speed limits.

We recommend calling Ngala Safari Lodge as you pass through the applicable Enkhulu Gate so we can prepare for your arrival and assist promptly should you experience any vehicle issues. Please note that mobile signal inside the reserve is limited.

Wherever possible and available, we do provide covered parking for guest vehicles. However, please be advised that we cannot be held responsible for theft, loss or damage while vehicles are parked on our premises.

As you will be entering reserves with wild animals and driving on gravel roads, &Beyond recommends appropriate vehicle insurance, including excess-waiver cover.
