LEGALITY OF FOREIGN WEDDINGS IN SOUTH AFRICA

The law in South Africa requires a foreign couple to attend an appointment at the Department of Home Affairs before they can be legally married in South Africa. Since this is quite a cumbersome task for someone on safari, we suggest that you process all legal marriage documents in your home country and enjoy your ceremony on safari in a more traditional way.

The number of people participating in the wedding determines how many vehicles are involved. Our wedding planner will discuss the logistics with you to ensure a stress free day.
