

PEZULA

NATURE RETREAT

2026 SITE PLAN

OUR *Naturehoods*
"A PLACE WHERE PEOPLE CAN CONNECT WITH NATURE"

LAGOON RIDGE
 The Lagoon Ridge offers sweeping views of the iconic Knysna Estuary. Its 16 west-facing suites sit high on the hillside, perfectly positioned for breathtaking sunsets over the Outeniqua Mountains and the shimmering estuary below.

NURSERY HILL
 Home to the retreat's nursery and our Rewilding Knysna project, Nursery Hill nurtures 47 species of locally indigenous plants that flourish throughout the property. Ten suites, including our One-Bedroom Residence, encircle the tranquil Loerie Pond and overlook natural gardens, the Pezula Golf Course, and distant ocean horizons.

WELLNESS QUARTER
 Nestled at the heart of the retreat and surrounded by wild gardens, gentle streams, and a serene pond, the Wellness Quarter hosts 12 suites dedicated to restorative wellness experiences. A wooden bridge beside the Koi Pond leads directly to the spa, passing over the soothing cascade of Tranquility Falls.

OCEAN WATCH
 Set beside the 10th hole of the Pezula Golf Course, the Ocean Watch features eight suites with panoramic views stretching toward the Indian Ocean. From this vantage point, the rolling greens blend seamlessly into the vast coastal horizon.

THE PONDS
 Embraced by peaceful ponds, fountains, and abundant birdlife, The Ponds curves around the Lily and Heron's Nest Ponds near the 10th hole of the Pezula Golf Course. Its 14 suites offer a haven for birdwatchers and include hidden play areas and options, making it ideal for nature-loving families.

SUNRISE CORNER
 With its east-facing aspect, Sunrise Corner welcomes the first light of day as it rises over the hills, illuminating the 18th hole and the distant ocean. Adjacent to the Pezula Golf Club, its ten suites offer convenient access for golfing getaways.

SITE PLAN KEY
