Safari experiences

Set against a backdrop of vast landscapes in a remote corner of the Serengeti, look forward to unforgettable safari experiences offering thrilling year-round wildlife and natural spectacles.

1

HOT AIR BALLOON SAFARI*

Embark on a safari from above, in the comfort of a massive, weaved basket, securely attached to a billowing balloon. The hour-long flight floats over the Serengeti's endless plains, draped with abundant wildlife. Pass over lush patchworks of grasslands and woodland, marvelling at one of Africa's most thriving ecosystems.

2

SAFARI GAME DRIVE

We offer twice-daily game drives, with sunrise and sundowner stops. &Beyond's professionally trained guides will ask you about your favourite wildlife and will do their very best to ensure your expectations are met, whether it's looking for a particular species or spending time at each sighting observing unique animal behaviours.

3

BIRDWATCHING

Keen birders will delight in the opportunity to birdwatch while on game drives. Explore the park in search of its 350 species. We have selected our favourite Star Birds for the reserve and if you find all of them we will celebrate with a bottle of sparkling wine back at the lodge.

4

PRIVATE VEHICLE SAFARI*

Tailored for you, this exclusive safari allows you to explore the bushveld with your very own dedicated guide and vehicle. Game drives can be as long or as short as you wish, covering your personal interests, from the insect kingdom to great herds of buffalo to prides of lion. Meals can be at the lodge or a under towering trees.

5

NATURE WALK*

The perfect alternative to game drives, a guided nature walk offers the incredible experience of exploring the world-famous Serengeti National Park on-foot. Ideal for avid birders and keen photographers, there's so much to see and learn during a guided walk and the opportunity to get near to plains game is thrilling.

Great Wildebeest Migration

1 ONE OF THE 7 NATURAL WONDERS OF THE WORLD

Considered the most thrilling spectacle in the animal kingdom, this epic journey migrates from Tanzania's Serengeti to Kenya's Masai Mara.

2 THE WORLD'S LARGEST OVERLAND MAMMAL MIGRATION

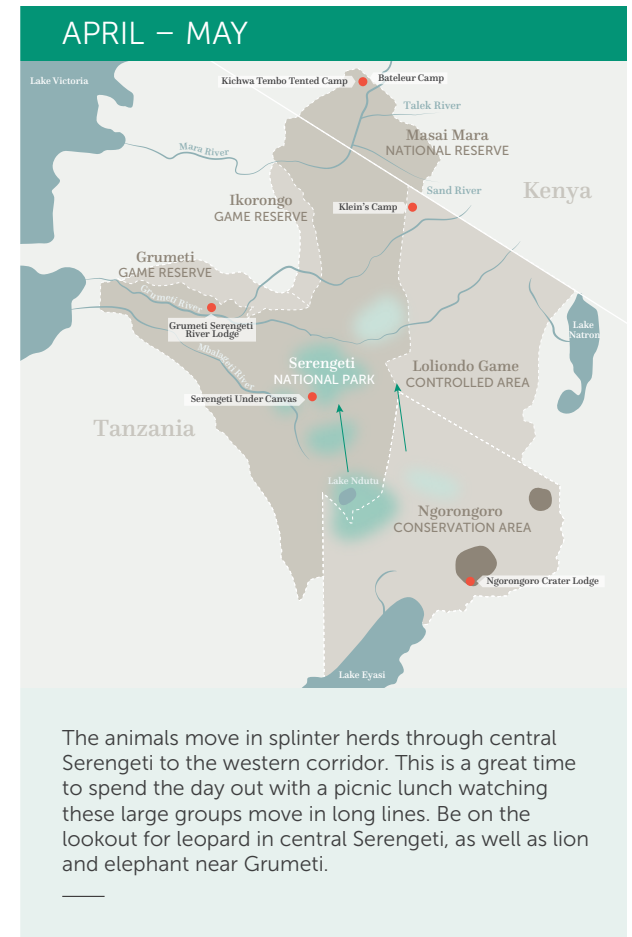

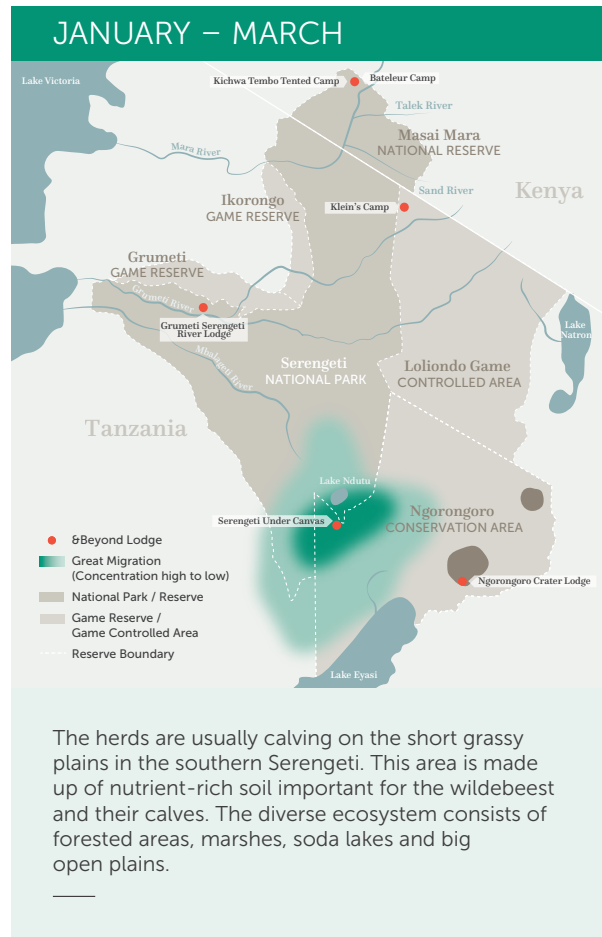

The annual movement of wildebeest and other herbivores across the Serengeti-Mara ecosystem consists of more than 1.5 million wildebeest, 500 000 zebra, 200 000 Thompson's gazelle and 18 000 eland.

3 THE ANIMALS MIGRATE OVER 800KM (500MI.)

Due to the sheer size of the herd, the animals have to move to be able to survive. The herds generally follow the rain, as where there is rain, there is fresh grass. Once grass is depleted in one area, they will move to another grassy area.

It's estimated 500 000 wildebeest calves are born annually.

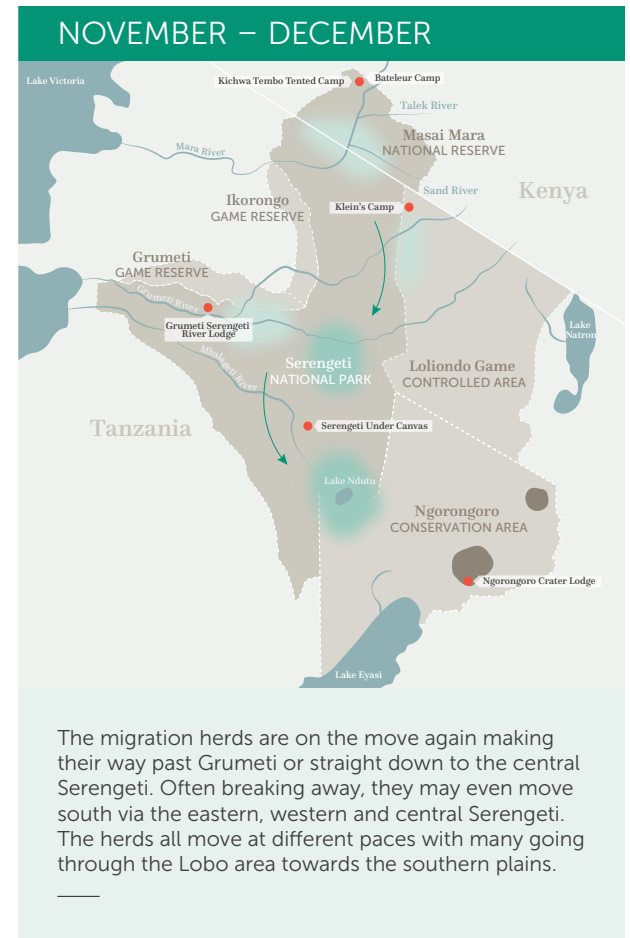

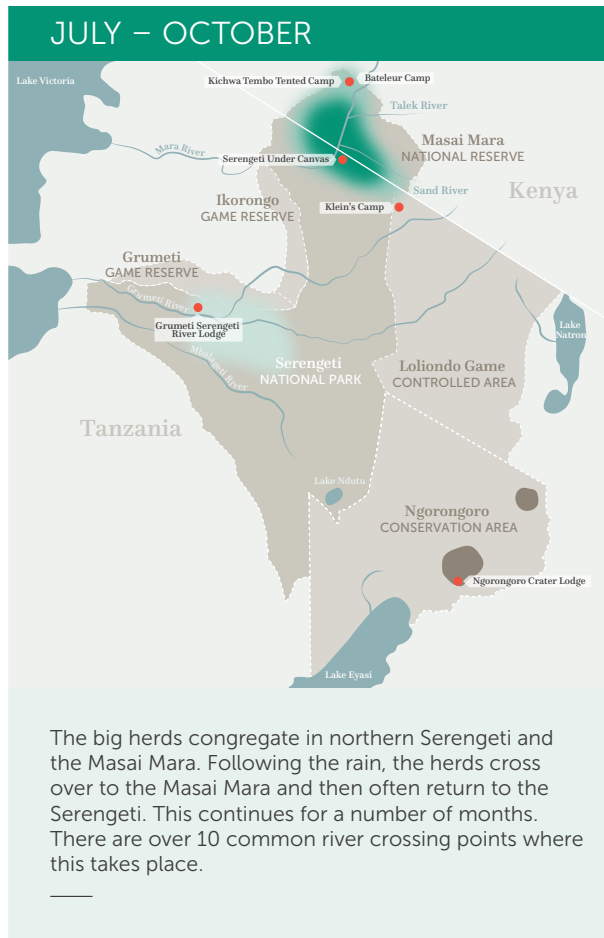

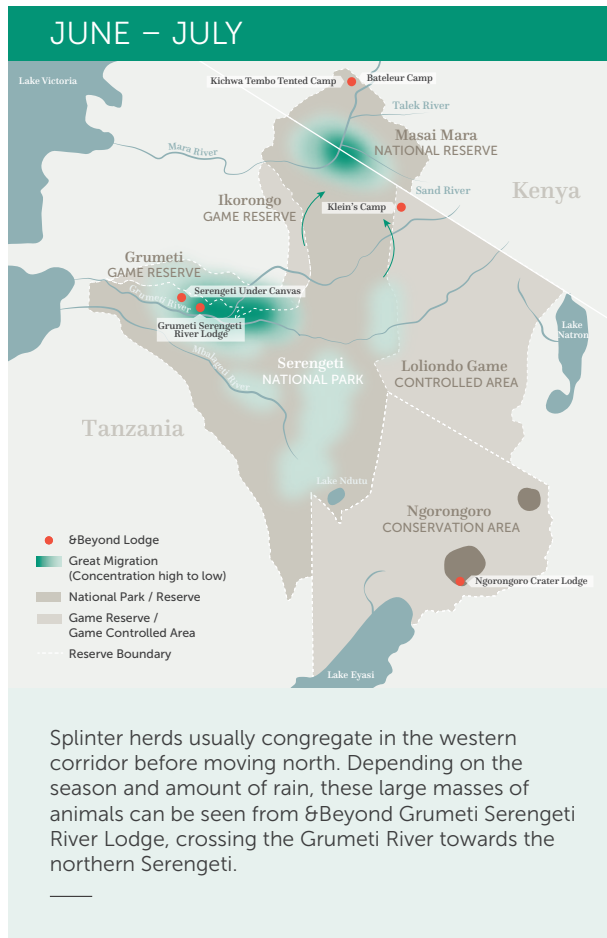

The annual movement of wildebeest and other herbivores across the Serengeti-Mara ecosystem is rarely the same in terms of precise timing and direction.
