

THE SANDS AT CHALE ISLAND

A gift of
nature

Coral seas abundant with fish life, coastal forests and mangrove swamps teeming with bird and insect life, snow white beaches offering safe warm bathing, and of course Kenya's world famous safari parks.

The
Island

Chale Island is a small romantic island situated 600 meters off the mainland. 10 km south of Diani, 1,2 km long and 0,8 km wide, with a general north/south orientation.

The Island is divided into two parts; resort and sacred forest or "kaya". The resort lies in 15 acres of indigenous ancient forest, with a stunning 10,000 square meter white sand bay which is protected by a vibrant coral reef.

With an explosion of colourful flora and fauna the island is truly magical and if that is not enough, also features a mystical inland tidal mangrove lake.

The Beach

Kenya's beaches rank in the top ten worldwide and Chale Island's coral sand bay counts as one of the best that Kenya has to offer.

The secluded bay is covered with snow-white powder fine coral sand and due to the remoteness of the Island is the only beach in Kenya that can truly be called private.

Due to the lack of seaweed pile-ups, turtles frequently lay eggs in the bay adding to the charm of this magical Island.

28 Bandas (swahili: small house)

Our Bandas offer a unique and truly coastal holiday.

All Bandas have high, palm thatch roofs with views either out to sea, over the beach, or panoramas encompassing lagoon, channel, mangroves and the setting sun over the Shimba hills. Sun beds set on private front lawns and large verandas with Swahili day beds give relaxing views.

Some Bandas have the addition of large doors that open from the bathroom directly into the private rear garden with an open air shower.

Overwater Suite

A first of its kind in Kenya, the Water Suite is located on the northwest of the island with stunning views of Bird Island, Gazi bay and, in the distant sunset, the Shimba hills.

The water suite has a large bedroom with an en-suite bathroom, which looks out over the channel, and has a separate sitting room. It has a Jacuzzi on the front verandah and a ladder down to the sea.

Suite On The Rocks

Not only a honeymooners dream, everyone's dream! Situated on a separate islet connected to the main Island by a stone bridge, a thatched roof soars high above the circular construction, then plunges down in the middle allowing rainwater to fall directly into a mini garden in the center of the room. A circular stairway leads one around an intricately crafted wall garden to an upstairs lounge, while the front verandah overlooks a private Jacuzzi on the cliff face and a sunbathing deck where one can just chill out and relax. Extravagant opulence at its peak!

Activities

Unlike most other island destinations, Chale Island has something to offer everyone.

Normal island activities available include a magical SPA, a well equipped watersports center and a selection of boat excursions.

From Chale Island we can also offer you trips to Diani Beach Shopping Center and the famous Nomad Beach Bar, or for the more adventurous a wide range of safaris.

Diving

Based on the island with its own fleet of boats, “Diving The Crab” is a world-renowned PADI and SSI center.

Daily one or two tank dive excursions go to a selection of dive sites both to the north and south of the island. Shallow coral reefs dropping to depths of 30 meters abound with marine life and the added highlight of frequent Whale shark sightings from November to February make this a diver’s paradise.

SPA & Fitness

The “Maisha Poa” (Swahili: good life) Spa and wellness center is built over the heart of the Island where the energies of the ancient mangroves, the tidal lake, the coral caves and the gentle breeze all cumulate to provide the perfect ambient in which to relax.

Nine open-air treatment rooms situated over the lake offer a wide range of treatments to pamper and re-energize you.

The fitness room is situated next to the Spa overlooking the saltwater pool. This open sided room is equipped with cardio machines and weights.
