LEWA
SAFARI CAMP
—
KENYA

“The royals love a safari.”

- Tatler

Visitors to Lewa are treated to the most spectacular wildlife viewing that Kenya has to offer. Lion, leopard and jackal stalk the diversity of prey inhabiting the rolling plains north of Mount Kenya.

The Lewa Wildlife Conservancy is home to the largest concentration of Grevy’s zebra in the world, not to mention diverse birdlife and over 200 Black and White rhino. Here, animal encounters are inevitable, and unforgettable.

With large tented bedrooms all with private verandahs and ensuite facilities, the landscaped gardens and cosy log fires make it a beautiful and homely retreat.

Lewa is a favoured destination for writers, conservationists, celebrities and royals.

"Simply heaven for romantics."

- The Daily Telegraph

Unashamedly romantic and utterly stylish, Elsa's Kopje is sculpted into Mughwango Hill, above the site of George Adamson's original camp where he raised and released orphan lions, long before conservation became fashionable.

Elsa's Kopje is an environmental award-winning, boutique lodge that rescued the rugged and remote Meru National Park from oblivion. Winner of the Good Safari Guide's 'Best Safari Property in Africa' award, Elsa's Kopje is widely renowned as one of the most elegant lodges in Africa.

The spacious cottages, each with en suite bathroom and large open living room, have views from the private verandahs across the adjacent plains.

Transforming Recycled Dreams into Timeless Art

ARUSHA COFFEE LODGE

“Before joining Shanga, I depended on handouts. And I also did not have any artistic skills. I could not design animals like the giraffe, elephant or rhino. But now I can do all that. Everyone at Shanga has a family including me and I live my life well as a family man. There is no difference between myself and someone working anywhere else. Shanga gives opportunities to all persons with disabilities and provides training on skilful work. Living with a disability does not hinder you from mastering a skill. Through them you are able to contribute equally to society.”

Our Guides, Pilots, Safari Vehicles & Aircraft

OUR GUIDES & SAFARI VEHICLES

The combination of professional guides and comfortable well-equipped vehicles are both vital in delivering a thoroughly enjoyable and absorbing safari experience.

Each vehicle carries a variety of animal, bird & insect guide books - including specialist books for ornithologists plus those all-important binoculars. Snacks and chilled drinks plus picnic hampers for extended game drives in to the bush only add to this truly exceptional adventure.

With a depth of knowledge that is both impressive but in many ways understated, our professionally-trained guides are the key to your African bush holiday. Fully conversant in all aspects of the flora and fauna that makes up Africa's rich bush tapestry, your guide's infectious enthusiasm and love of the bush will elevate any safari experience.

OUR BUSH PILOTS & AIRCRAFT

Elewana has a small fleet of aircraft, predominantly used for our SkySafari guests.

With thousands of flying hours each, Elewana's pilots are truly some of the most professional and accomplished to be had in East Africa. The aircraft are state-of-the-art Cessna Caravan 208 both custom fitted with executive-class seating and an interior layout that allows for excellent viewing opportunities during flights to and from the Elewana Collection bush camps.

Minimising Environmental Impact, Maximising Community Benefits

OUR IMPACT

Elewana believes in the power of conservation and brings this mindset to the communities we work with, our teams and of course, our guests.

We constantly strive to reduce our footprint, invest in conservation efforts, and provide tangible and sustainable benefits to our local communities. Elewana's environmental and social philosophy gently weaves itself through your safari experience with us.

Our purpose is to drive sustainability and conservation best practices across our organisation and to ensure that we are active agents of change in the protection of Africa's environment and its communities, through our programmes and projects. This critical element of work is carried out by our sustainability arm, The Land & Life Foundation.

OUR SUSTAINABILITY ETHOS HAS 3 MAIN PILLARS:

- Environmental management and conservation
- Impact driven community development and school support
- Social enterprise growth

Unique & Elegant Properties

Each of our intimate camps, lodges, and beach hideaways has its own individual charm, utterly unique from any other property. However, all share the same ethos - low impact tourism with heartfelt service, attention to detail, world-class cuisine, prime locations, and luxury experiences.

Diverse Activities

The Elewana Collection offers the complete “bush and beach” experience. Game drives, guided bush & forest walks, horseback riding, camel trekking, lion tracking, fishing, cultural visits, spa treatments and massages, sundowners at sunset, surprise bush meals, scuba, snorkeling, kite surfing in warm tropical waters, starlit dinners on white sandy beaches and the experience of sleeping out under the African sky. The choice is yours.

Child Friendly

We welcome families warmly. An East African safari makes a wonderfully inspiring, educational and memorable family holiday, and our local communities truly treasure children. Our properties allow for personalised and flexible mealtimes, and many also offer accommodation specifically designed for families.

Cultural Experiences

Most of our staff hail from the surrounding community, therefore guests become intimately acquainted with local culture. Nearby communities and conservation projects provide the chance to experience, first-hand, how a stay at Elewana makes a difference. Visits can also be arranged to traditional villages, local homesteads and schools.
