Visit to Ilha de Moçambique

A visit to Ilha de Moçambique is a 'must' during your stay at Coral Lodge. The former capital of Mozambique built by the Portuguese, it still has echoes of its colonial past. There are views of Sao Sebastiao Fort (1558) on the north of the island from Coral Lodge. This fort and many other colonial buildings are remnants of a bygone era, but still preserve that history. Explore the city at your own pace or let our local guide show you around and explain the islands controversial past.

Complimentary for a stay of 5 nights or more. Please see prices on page 2 if staying less than 5 nights.

Visit the local Macua people

If you are interested in learning about the Macua people of northern Mozambique, we can take you to visit the three local communities: Cabaceira Pequena, Cabaceira Grande and Chocas. Most of Coral Lodge staff live in Cabaceira Pequena and walk or canoe to the Lodge each day. You can visit one of their houses, the Vasco da Gama Well and the graves and ruins of an Arab community from the 12th century.

Complimentary

Join our chef and learn to cook his favourite Mozambican dishes at the lodge.
