Included Activties

FARM VISIT

Just down the road from the Lodge you will find our 2-acre organic Shamba (farm), where we produce both fruit and vegetables for Lewa Wilderness. You will also find our charming small herd of dairy cows and a flock of chickens; we even have a wool weaving operation adjacent to our wood workshop! Striving to be a self-sustaining operation is a part of our everyday mission, and we invite you to enjoy this walkabout, to learn more about our projects.

LEWA HQ

Go 'behind the scenes' and meet our heroes of the Lewa Wildlife Conservancy! Head into the Headquarters' radio room to meet with one of our rangers, who will explain how the conservancy operates, coordinates in the field, and most importantly protects some of Africa's most engendered species.

SCHOOL & ORPHANAGE VISIT

Community enrichment projects are a massive passion project at Lewa Wilderness. Visit one of the local schools or orphanages we support, with the rare opportunity to meet the children while they break for "recess" or lunch. We support everything from food to school supplies and even education fee funding schemes. Be sure to ask how your stay contributes to these young lives!

CRAB FISHING & MAASAI WARRIOR TRAINING

Keeping little hands busy... the African way! All you need is the perfect stick (nature's fishing rod) and a bit of time splashing about to see how many freshwater crabs you can catch in the spring. Learn how to make fires from elephant dung and even practise your spear throwing with our Maasai warriors.
