

ONE OF NAMIBIA'S MOST ICONIC EXPERIENCES

Operating since 1991, Namib Sky Balloon Safaris offers a rare opportunity to experience the Namib Desert from the air – drifting silently above one of the most extraordinary landscapes on Earth.

With exclusive concessions within the Namib-Naukluft National Park and the NamibRand Nature Reserve, our flights access some of the most pristine landscapes in the world's oldest desert.

At sunrise, the balloon lifts gently from the desert floor, drifting silently with the wind above the vast contrasting landscapes of the Namib.

The experience concludes with the Namib Sky Signature Desert Breakfast — an elegant safari-style breakfast served in the open desert, where each group enjoys their own private table beneath the vast Namibian sky.

For many travelers, this becomes the defining moment of their Namibian journey – a peaceful perspective on one of the world's most remarkable landscapes.
