

ASILIA MULTILINGUAL DRIVER GUIDES

To better serve international guests who require driver guides with additional language skills, Asilia has a pool of multilingual driver guides based in Kenya, Tanzania, and Uganda.

All guides, whether employed exclusively by Asilia or contracted on a freelance basis must undergo a thorough accreditation programme to ensure the highest quality of guiding skills are available to guests.

Asilia Destination Management Services (DMS) are intended to be as inclusive as possible. As such, we are happy to offer all multilingual guides free of charge to all agent partners that need this service for their guests. However, there are fees associated with translator services. We are also able to book translators who speak the above languages; translators are able to join the safari in addition to an English speaking driver guide.

- **Translators in Kenya, Tanzania, and Uganda are US\$80 per day plus accommodation cost.**
