ACTIVITIES - 2026

BUSH AND BIRD WALK

Start your day with a stunning African sunrise. Our 4x4 will take you to a safe area in the wilderness. There, guided by knowledgeable Lumo Conservancy rangers, you'll explore the protected area on foot.

You'll discover fascinating things like animal tracks, plants, and birds, with our ranger sharing their insights into the environment they grew up in. Birdwatching enthusiasts will be delighted as they spot various colorful birds flitting among the trees and bushes. With over 1,070 species of birds, Kenya has the second highest country bird list in Africa, while the area around Tsavo West boasts 600 recorded species. The area boasts several endemic species, such as the globally threatened Taita Thrush, Taita Apalis, Abbott's starling, and the Southern banded Snake Eagle. Rest assured, our vehicle will be close by, ready to provide a comfortable ride back to the lodge if you need a break.

HIKE VURIA / TAITA HILLS

Climb the beautiful Taita Hills. Drive through lush, mountainous Taita, where the climate is perfect and the views stunning over what is known to the locals as 'little Switzerland.' The highest, Vuria (2,300 meters above sea level), is easily identified by the mobile phone mast on top. It is possible to drive to this point. Eyale, on the other hand, is lower and can be climbed on foot.

It takes about 55 minutes of steep walking from where you leave your vehicle to the panoramic view. The vegetation is montane forest, and here you can spot the rare Taita Apalis, the Ross Turacos, the Cabanis Greenbul, and Syke monkeys, among other mammals. We pack a picnic meal on request.

USD 130.00 per Adult - ½ to ¾ day USD 65 per child (Min 2 Adults)

CLIMB KASIGAU

Mt. Kasigau is part of the Eastern Arch Mountains renowned for its endemic Flora and Fauna. A gazetted national forest topped with tropical forest, this 3-hour ascent, 1641 meters above sea level, requires tough training shoes.

Discover a World War 1 British encottagement, with visible trenches and hideouts, identify rare trees and birds and enjoy learning as you ascend more about the culture of the local Taita people. The picturesque 'Are Rock' Python rock, which caved in due to weathering, has a hut which acted as a hide out for the villagers against cattle rustlers and now a good backdrop for a selfie, as you climb. Best start before first light with packed picnic breakfast and lunch..

USD 150.00 per Adult (Min 2 Adults)

BATTLEFIELD TOUR (WORLD WAR I)

Step back in time to the untamed landscapes of East Africa, where echoes of World War 1 still resonate near our Camp. Explore the strategic battlegrounds that once shaped the fate of nations. Join us on a journey through the remnants of a fierce campaign, where British Indian Army troops, European settlers, and local askaris clashed amidst daunting challenges. Discover the enduring legacy of their struggle as you witness the remarkable water pipeline, crafted by Indian Army engineers in 1916 and still flowing today.

Walk in the footsteps of soldiers at hilltop forts and Commonwealth War Cemeteries in Maktau and Voi. Hear tales of valor and hardship from our knowledgeable guides, trained by esteemed historians, as you sip a sundowner against the backdrop of a storied battlefield.

½ to ¾ day - USD 80.00 per person USD 65 per child

NGANGAU FOREST

Ngangau Forest is one of the few remaining moist forest areas in the Taita Hills, ranking as the second-largest among them.

A trek through Ngangao Forest is a truly enchanting experience, a moment to cherish forever.

Traverse a natural carpet of fallen leaves, fragmented twigs, bark, and decomposing branches as you embark on your journey. Explore iconic landmarks such as the revered Mother Tree, captivating tree caves, and intriguing round rocks scattered along the path. Ascend to the summit of the hill, where you'll be greeted by a spellbinding panorama that will leave you speechless.

SHETANI LAVA FLOW & MZIMA SPRINGS

Mzima Springs is a series of four natural springs in Tsavo National Park that produces an incredible 250 million liters of fresh water daily. The source of the spring rises in the Chyulu Hills and provides the bulk of Mombasa's fresh water. The springs are home to hippos, crocodiles, and various bird species. There's an underwater viewing chamber where you can see the fish in the clear waters.

'Shetani' means 'devil' in Kiswahili. The local people believe it was the devil himself emerging from the earth. This vast expanse of folded black lava spreads 50 kilometers across the savannah near the Chyulu Hills. The last significant eruption here is believed to have occurred around 200 years ago. Nearby are the Shetani Caves, which are also the result of volcanic activity.

A picnic lunch is included. Park fees are payable directly and not included.

USD 200 Per Adult (Min 2 Adult) USD 135 Per child

VISIT LAKE JIPE

About one and half hours from **Soroi Cheetah tented Camp** in Tsavo West, lies this freshwater lake bordering Tanzania and hosting hippos, crocodiles, and unique birds. Lake Jipe is shared by two countries, each with different economic values.

Since the Kenyan side of the lake lies in Tsavo West National Park, no fishing is allowed. Tanzania allows controlled fishing. Boat rides are available at an additional cost by KWS of USD 15.00 per person for 1.5 hrs. A packed picnic meal is provided for your lunch.

USD 170 Per Adult (Min 2 Adult) USD 65 Per child

A DAY WITH THE TAITA

Travel to the nearby Bura town, where local Taita people will host you for an authentic day-long cultural experience.

The morning starts by milking a cow and learning about traditional meal preparation. A guided walk takes you through scenic landscapes, discovering medicinal plants and traditional practices. Here, you will taste local fruits, and while the food cooks, gain insights into Taita traditions.

Try out basket weaving, transforming Sisal leaves into twine, and a work of art. The day ends with the captivating "Mwazindika" dance, dedicated to gods and celebrating life

Experience the essence of Taita culture through our interactive drumming session. Uncover the significance of drumming in Taita life.

In the movement towards eco-cultural sustainability, engaging in cultural activities plays a vital role in ensuring that the communities of East Africa directly benefit from the income generated by tourism. This approach also helps safeguard Africa's rich cultural history for future generations.

The partnership with Bura village is a prime example of this, where contributions from **Soroi Cheetah tented Camp** support fundamental needs such as access to clean water, health education, and job opportunities. Known for their natural warmth and hospitality, the Taita community welcomes visitors, fostering meaningful exchanges with people from across the globe.

USD 95 per Adult (half day) (min 4 pax) USD 70 per Child

COMMUNITY WILDLIFE & CONSERVATION

DE-SNARING

We share packets with seed balls to each guest that can be launched into the conservancy using a slingshot. A seed ball is essentially a seed encased in a mixture of clay and compost, which is then dried. This technique dates back to ancient times, reportedly utilized by the Ancient Egyptians sowed seeds along the retreating banks of the Nile after annual floods. This method is widely employed in Asia and other regions, particularly in arid areas, due to its effectiveness in safeguarding seeds until conditions are favorable for germination, as well as its ease of distribution.

Ask our receptionists for your seed balls and slingshot!

A snare is a simple yet effective trap designed to capture or restrain animals. Typically consisting of a noose, wire, or other flexible material, snares are set to tighten around the prey when triggered, securing it in place. Poachers commonly use snares for hunting or trapping purposes. De-snaring involves removing snares set by poachers, which severely threaten the local wildlife.

You can join our rangers on guided excursions through the surrounding areas, actively searching for and disarming snares.

ARE YOU A DOCTOR?

If you're a healthcare professional looking to make a positive impact, consider sharing your expertise with the villagers in our area. Whether you're a general practitioner or a dentist, we have the perfect opportunity for you to extend your skills and compassion to those in need.

We can organize clinics in the nearby villages surrounding our cottage, providing essential medical and dental services to the local community. This activity needs to be arranged a minimum of 2 weeks before arrival.

SKILL SHARE PROGRAM

Our Skill Share Program is an opportunity for people passionate about sharing their knowledge to make a lasting impact on the lives of children in our community.

Suppose you have expertise in music, ukulele, dance, arts and crafts, macramé, hand sewing, cross-stitch, informatics, jewelry making, or farming. In that case, we invite you to spend a day at our supported schools.

Embrace the opportunity to be a part of something meaningful – where your knowledge becomes a source of inspiration and empowerment.

Please help us bring the joy of music to the community by bringing ukuleles or music lessons to the two schools we already support, Mwashoti and Latika Primary School.
