## Overview

Leleshwa Camp is available on a exclusive or shared basis and can accommodate up to 15 people in seven luxury tents. The camp is set up in the Ol Derekesi Conservancy on the Mara Reserve boundary from June to October and overlooks the Sand River, in a part of the Mara that is first to receive the vast migrating herds each year as they cross the border and spill over the plains of the Mara.

The area between the Sand River and the Tanzania border has possibly the lowest vehicle density of any part of the Mara ecosystem, meaning true privacy on game drives. Remote and topographically varied, the picturesque area has a wide variety of resident game, regardless of where the herds have reached. In addition to game-viewing by day and night, you'll be able to explore the bush on foot, meet and share stories with Maasai, splash around and cool off in the Sand River during the heat of the day and enjoy having a very special part of the Mara to yourself.

Our spacious, custom-made tents are set on raised earthen platforms and all have a private verandah with views over the Sand River valley and hills beyond. Each tent has an en-suite bathroom with flushing toilets and running hot and cold water. Our safari camp staff provide personalised service throughout your stay with menus, beverages and safari activities planned with you in advance and managed by your Private Guide during your safari.
