Introduction:

Simply stylish and elegant, the **Zebra Kalahari Lodge** is the most decadent of the 3 lodges on the Intu Afrika Private Game Reserve. After a short drive through the contrasting Kalahari Desert where game languish under trees or in pans, guests are welcomed with a much-needed refreshing drink and a smile as warm as the desert sun. The gurgling fish pond and the beautiful stone and wood buildings immediately soothe one's soul and guests are ushered into the coolness of the lounge area overlooking a rather vibrant waterhole and swimming pool whilst logistics are efficiently handled.

The rooms area are huge and the walls are decorated with ancient African masks and ebony furnishings and are fitted with air conditioners, a mini bar, a hairdryer and a coffee and tea station with a very large bathroom leading out to an outside shower.

There are 16 rooms adjacent to the lodge area which consists of a lounge with comfortable leather seats, a dining area on a deck mirroring the waterhole and swimming pool and a bar. This lodge is ideal for families or for more mature travellers as the facilities at the main lodge are easily accessible from their rooms.
