DISCOVER OUR JOURNEYS

Belmond Andean Explorer traverses one of the highest train routes on earth, traveling between the ancient Inca capital of Cusco to Puno on the shores of Lake Titicaca and the dazzling white city of Arequipa. Along the way you explore floating islands, fascinating archaeological sites and majestic natural wonders.

PERUVIAN HIGHLANDS

(Cusco - Puno - Arequipa) 2 nights /3 days

Set off from Cusco and cross the Altiplano towards Puno and the reflective beauty of Lake Titicaca. Enjoy a fascinating visit to the Sumbay Caves before arriving in Arequipa.

ANDEAN PLAINS AND ISLANDS OF DISCOVERY

(Arequipa - Puno - Cusco) 2 nights/2 days

Depart as the sun sets on the baroque architecture of Arequipa and travel overnight towards Lake Titicaca. Visit island communities on the world's highest navigable lake before continuing through soaring mountain scenery to Cusco.

SPIRIT OF THE WATER

(Cusco - Puno) 1 night/1 day

Escape on an overnight adventure, gliding across the giant peaks and wide, open spaces of the Altiplano to reach Puno and Lake Titicaca.

SPIRIT OF THE ANDES

(Puno - Cusco) 1 night/1 day

Course along one of the most beautiful rail routes in the world, crossing the highest plains of the Andes between Puno and Cusco.

COMBINE YOUR EXPERIENCE

Embrace the serenity of the Colca Canyon at our intimate retreat, Belmond Las Casitas. Disembark from the train at Cañahuas to soak up the wild wonders of this breathtaking region.

From there, continue your Peruvian adventure with a magical journey aboard our Belmond Hiram Bingham train to Machu Picchu.

In Cusco, ancient Andean traditions combine with Spanish colonial influence in this captivating region. Why not, choose one of our perfect hideaways in the heart of the city? A 16th-century monastery built on the foundations of Amaru Qhala's Inca palace, the magical Belmond Hotel Monasterio is now recognized as a historic landmark by Peru's National Institute of Culture. Meanwhile, at Belmond Palacio Nazarenas you'll also discover the best of the new world within our walls, including our local art collection, oxygen-enriched air and underfloor heating.
