Corporate Social Responsibility CSR

From the day we began building and renovating our camp, we employed all local fundis (tradesmen) and labourers. Our fundis also regularly visit local communities and assist in maintaining their water wells. We have made our vehicles available for local Special Events and functions (weddings, celebrations and community meetings) as well as to assist the community with health emergencies. We also purchase additional produce each week from the local market, supporting the many small farms in the immediate area.
