

Songa

Auberge Safari

Songa

Set within the rolling hills of the Kogatende region, Songa offers a privileged vantage point over one of the Serengeti's most compelling seasonal movements.

Vast herds of wildebeest, zebra, and Thomson's gazelle gather across the plains, building toward the drama of the Mara River crossings. From this remote northern setting, guests are immersed in the anticipation and intensity of the migration's most iconic moments, typically unfolding between July and October.

01 PRIVATE GUIDE AND VEHICLE INCLUDED IN EVERY BOOKING

Every booking at Songa includes a private guide and vehicle, ensuring a tailored and exclusive safari experience where you can explore the wilderness at your own pace.

02 ACCESS TO THE GREAT MIGRATION RIVER CROSSINGS

The camp's setting is a short drive from the banks of the Mara River, providing unrivaled access to the dramatic river crossings if and when they occur.

03 SUNDOWNER EXPERIENCES OVERLOOKING THE SERENGETI

Enjoy exclusive sundowner experiences with breathtaking views of the Serengeti's rolling landscapes. Sip a refreshing drink and watch as the sun dips below the horizon.

04 EXCEPTIONAL ACCESS TO PREDATOR-PREY INTERACTIONS

Located in the heart of the migration route, Songa offer exceptional opportunities to witness predator-prey interactions, from lion hunts to cheetah chases.

COMMITMENT TO CONSERVATION

Leading our Tanzania wildlife management is our affiliate, the Friedkin Conservation Fund (FCF), a non-profit organization focused on impactful philanthropy and conservation initiatives throughout Tanzania.

Working in conjunction with our affiliates, FCF is responsible for safeguarding two vast wilderness areas that form vital buffer zones to the Greater Serengeti and Ngorongoro Crater ecosystems. To do this, FCF engages the communities that share the land with us as partners in conservation and collaborates with stakeholders in effective wildlife management and research.

Community empowerment is the cornerstone of FCF's work. This includes implementing initiatives aimed at education, improving health, and providing training in sustainable income-generating opportunities for communities neighboring our protected wildlife areas. Through these efforts, FCF aims to uplift local communities and demonstrate the value of protecting these ecosystems. Combined with conservation projects such as anti-poaching, wildlife monitoring, and habitat management, this holistic approach enables FCF to make a tangible impact in its efforts to protect this vital wilderness.
