Luxury Tents (Full Board + Game Viewing Activities)

4 Nights

Property Overview

Konkamoya lies tucked away in the largest of Zambia's protected areas, Kafue National Park. Offering the traveller exclusive spectacles of unspoilt nature and the African wilderness in all its glory, coupled with luxurious and intimate hospitality, Konkamoya is the only international lodge on the Itezhi-Tezhi lake.

DAY 1

The lapa is a key element of your safari experience at Konkamoya. Fashioned to fit perfectly within the natural elements surrounding it, this renovated modern space is where chefs serve meals and bartenders create all manner of drinks. The elevated dining, bar, and lounge areas are airy and light, well-appointed with furniture created from sustainable wood sources and using local craftspeople, capturing views over the plains down to the lake.

The infinity pool with its sundeck offers a space to cool down, catch the rays, and quietly observe the surroundings, and a raised fire-pit is ideal for enjoying an after-dinner drink while sharing stories of the activities of your day and preparing for the next.

Experience & Activities

Overlooking the Lake, Konkamoya is surrounded by open plains, stunning bush-scapes and infinite horizons to explore, and your adventures within these will bring you in close proximity to many of Africa's best loved creatures; herds of elephant wandering en-masse, the shy, elusive leopard stalking its prey, or a pride of lion passing down secrets of the hunt to the next generation – whatever the day brings will be unique and extraordinary.

DAY 1

Accommodations

Luxury Tents

Each of the four brand new luxury tents offers an abundance of space in which to stretch out and unwind. In the centre of this 67 sqm tent is your king-size bed, made up with linen of the finest Egyptian cotton, a sanctuary from which you can marvel at the incandescent colours of the sunrise or idly watch the playful afternoon frolics of the impala and puku, utterly unaware of your presence. Entirely screened from the smaller creatures of the African bush, your tent also has privacy screens that can be opened or closed to suit you – giving you the precise panoramic view that fits your mood.
