

DISCOVER THE NAY PALAD BIRD NEST

Sleep in the bird nest that's raising funds for conservation. Designed by NAY PALAD to sustain Segera's groundbreaking conservation initiatives in Kenya, the Bird Nest is one-of-a-kind accommodation at award-winning Segera Retreat, offering a new concept of nesting and sleeping like a bird. Poised on stilts above the ground and woven from natural elements, the Bird Nest delivers 360 degree scenery and a bird's eye view over beautiful wilderness. Segera and NAY PALAD had both envisioned a peaceful 'jewel' in the heart of the natural world.

With this imaginative approach, their collaborative idea of a bird nest came to life. Guests can book a night in the Bird Nest knowing they're staying in accommodation unlike anything else in the world and sleep blissfully knowing it's designed to sustain Kenya's wildlife for future generations.

2 BEDROOMS : 1 INSIDE, 1 UNDER THE STARS | 1 BATHROOM | 1 OUTSIDE SHOWER

SLEEP UPSTAIRS, OR INDOORS

After a game drive guests arrive at NAY PALAD Bird Nest just before sunset. The nest is lit up with lanterns and set up with binoculars, sundowner drinks and treats. On the top deck guests enjoy a magical sunset, help themselves to a picnic-style dinner and fall asleep under the sparkling African sky.

They can choose to tuck in to the sheltered luxury of the bedroom below if they prefer. Guests wake up to the magical sounds of wild animals, surrounded by pristine nature and a breakfast delivered to the nest.

BIRD NEST HIGHLIGHTS

- Luxurious top floor sleeping under nets
- Snug indoor bedroom on the first floor
- Full bar and sumptuous picnic
- Just 10 minutes drive from Segera Retreat
- En-suite with fully flushing toilet
- Solar-heated, private outdoor shower
- Nightwear and toiletries delivered by your dedicated villa attendant
- Torches, radio and safety horn
- Incredible views of Mount Kenya
- An exclusive, one-of-a-kind experience
- Perfect for two guests for special occasions, proposals and honeymoons
- Also suitable for a cosy family adventure as parents can stay downstairs and older children sleep under the stars.

As accommodation is held exclusively for guests while they visit the NAY PALAD Bird Nest, there is an additional fee for this extraordinary safari experience. This fee enables Segera to further conserve and safeguard the wildlife, local communities and land. In fact, Segera's initiatives not only help to protect its 50,000 acres of wildlife refuge - they also reach further afield with legacy conservation plans such as the Segera's All-Women Anti-Poaching Ranger Unit, and the future formation of the largest rhino sanctuary in East Africa, if not the world.
