POTATO  
Bush Camp

LOWER ZAMBEZI NATIONAL PARK

Zambia

## ZAMBIA

The **Lower Zambezi National Park** is on the Zambezi River and borders with Zimbabwe

*"Having been fortunate enough to visit many safari lodges throughout Africa I have to say that Potato Bush is absolutely one of my best. Potato Bush offers everything a first-time or seasoned safari-goer could wish for. It is a small camp so you get all the personal attention you may wish for. The rooms are outstanding."*

- @1965vss Trip Advisor Review

For first-time safari-goers and families, Potato Bush is a haven where home comforts meet the thrill of the African wild. The camp comprises just three suites and one family house, all connected by raised walkways — perfect for exclusive-use bookings. With world-class private guides, complimentary return flights for stays of four nights or more, private plunge pools in every room, and unforgettable touches like river lunches, Potato Bush Camp mirrors the luxury of Sausage Tree Camp while retaining its authentic bush feel, perhaps why wildlife still roams freely through camp.

This passion drives our commitment to conservation, empowerment and sustainability in every aspect of Green Safaris. We see our properties in Zambia and Malawi as a means to that end, allowing us to offer an authentic experience for you and those you meet along the way. Each property supports at least one conservation or environment initiative and one community project.
