

SCUBA DIVING IN THE NOSY BE ARCHIPELAGO

Explore the underwater wonders of the Indian Ocean

DIVING EXPERIENCE AND DIVE SITES

Experience stunning scuba diving in Nosy Be. Dive spots range from 10 minutes to 1 hour from Nosy Komba, with many just 20 to 25 minutes away. Explore famous sites like Nosy Tanikely, Shark Point, Manta Point, Roland Point, Abyss, and Les Arches. Trips to the Mitsio archipelago (Les Tétons, Les 4 Frères, Kassimo) and Nosy Iranja are also available.

During whale shark season (mid-October to mid-December), enjoy trips to snorkel or dive with these gentle giants, followed by dives at prime spots. Discover southern Nosy Komba, home to diverse invertebrates like nudibranchs, sponges, soft corals, ghost pipefishes, and frogfishes - a macro paradise!

The northwest coast of Madagascar boasts rich marine life, including corals, sponges, nudibranchs, and reef fish. Spot green and hawksbill turtles, giant groupers, napoleons, and bumphead parrotfish. The Mozambique Channel attracts manta rays, hammerhead sharks, grey reef sharks, leopard sharks, and tuna. We provide all necessary gear, including masks, snorkels, wetsuits, fins, BCDs and regulators, ensuring a seamless diving experience.

A TYPICAL DAY DIVING

A typical dive day starts with pick-up at 8:15 am. We conduct two dives at different sites with a 1-hour surface interval. Guests are returned to their lodgings between 12 pm and 2 pm, depending on dive locations and conditions.

Highlights:

- + Marine Life: Whale sharks, manta rays, nudibranchs, turtles, giant groupers, reef fish, hammerhead sharks, dolphins
- + Gear Provided: Masks, snorkels, wetsuits, fins, BCDs, regulators
