Luxury redefined in the
African wilderness

Our story

At Nyumbu Luxury Collection (which owns Nyumbu Luxury Camp) is a proud indigenous owned Tanzanian Safari Company. Our Vision carrier, Sarah Egani and her local Tanzanian team are dedicated to providing exceptional safari experiences in the heart of this beautiful wildlife destination. Step into our special camp and you can feel it immediately in the warmth and hospitality that seems to come naturally in Africa: it is here, at Nyumbu, that we love to share the breathtaking beauty and cultural heritage of Tanzania and combine it with important sustainable and responsible tourism practices.

The Swahili name, “Nyumbu”, carries cultural significance; meaning “Wildebeest”, it represents ‘the greatest wildlife show on earth’, (the awe inspiring annual migration of the wildebeest) but also reflects our company’s commitment to promoting and preserving wildlife, and our vibrant local culture and traditions. Because we live and work here, we know and intimately understand all of this, a heritage that can be seen and felt by our guests throughout the Nyumbu experience.

Greetings from Sarah.

Welcome to Nyumbu Luxury Camp, a tranquil haven in the wildly breathtaking surroundings of the Serengeti National Park and Ndutu Ngorongoro Crater Conservation Area.

Here, luxury meets wilderness. Whether you're seeking adventure or total relaxation our enthusiastic team is committed to ensuring your stay is nothing short of extraordinary. Safety

Safety for our guests and staff at Nyumbu Luxury Camp is a top priority and all procedures, facilities and measures in place to ensure we meet the highest standards.

EMERGENCY & PREPAREDNESS PLAN

We have developed a comprehensive emergency preparedness plan that includes procedures for various scenarios such as natural disasters, medical emergencies, and security incidents. Staff are trained regularly on how to respond effectively to emergencies. We also work closely with organizations like the Park Doctors, TANAPA, NCCA, Flying Doctors & Amref in case of emergencies.

FIRST AID FACILITIES

The camp is equipped with adequate first aid supplies and selected members of staff are trained to be first respondents in case of injuries or illnesses. First aid kits should be readily accessible throughout the camp.

FIRE SAFETY

The camp has put in place fire safety measures, including the installation of smoke detectors, fire extinguishers, and evacuation routes. We conduct regular fire drills to familiarize staff and guests with emergency procedures.

SECURITY MEASURES

The camp has implemented security measures to protect guests and staff from potential risks such as theft, intruders, and wildlife encounters. This includes a 24hr presence of security personnel within the camp.

SAFE ACCOMMODATIONS

Our guest and staff accommodations meet safety standards and are free from hazards such as faulty electrical wiring, slippery floors, and structural weaknesses. Regular maintenance and inspections are conducted to identify and address any safety concerns.

SAFE RECREATION ACTIVITIES

We ensure recreational activities such as guided safaris are conducted safely under the supervision of trained guides. We advise guests on the most suitable clothing and footwear while on such activities.

FOOD SAFETY

The Camp adheres to strict food safety protocols to prevent illness. Kitchen facilities are clean and hygienic, and food is stored, prepared correctly and served at safe temperatures.

COMMUNICATION SYSTEMS

We maintain a reliable communication system, including mobile phones and two-way radios to facilitate communication between guests, staff members and emergency responders all the time.

GUEST EDUCATION

Our guests are educated about potential risks and safety precautions upon check-in, including wildlife safety guidelines, emergency procedures, and any specific hazards associated with the local environment.

REGULAR INSPECTION & AUDITS

The camp is subject to regular safety inspections and audits to identify and address any safety deficiencies or areas for improvement. We also continue to solicit feedback from guests and staff to continuously improve safety protocols. We work with both local and international health and safety audit firms to ensure that we maintain the required health and safety standards.

Sustainability

ENERGY EFFICIENCIES

Nyumbu Luxury Camp utilizes renewable energy sources such as solar power to meet its energy needs. Energy-efficient appliances and lighting are used throughout the camp to reduce electricity consumption.

WASTE MANAGEMENT

A comprehensive waste management system is in place to minimize the generation of waste and maximize recycling and composting efforts. Guests are encouraged to participate in recycling programs, and single-use plastics are discouraged or banned altogether.

ANTI-POACHING MEASURES

Implementing anti-poaching initiatives to combat illegal hunting and trade of endangered species is crucial for their survival. Nyumbu Luxury Camp educates the staff and local communities in anti-poaching measures, for example looking out for snares and other poaching methods and report the same to the authorities concerned.

ENVIRONMENTAL EDUCATION & AWARENESS

The camp offers educational programs and guided tours focused on sustainability and the local ecosystem. Guests are encouraged to appreciate and respect the natural environment, fostering a sense of responsibility for conservation beyond their stay.

FARM-TO-TABLE

Sustainability is at the heart of Nyumbu Luxury Camp's dining ethos. Many of the ingredients used in the kitchen are sourced locally, ensuring freshness whilst supporting the community. This farm-to-table approach not only enhances the quality of the cuisine, but also minimizes the camp's ecological footprint.

LOCAL SOURCING & COMMUNITY ENGAGEMENT

Nyumbu Luxury Camp sources supplies locally whenever possible, supporting nearby communities and reducing the carbon footprint associated with transportation. Additionally, the camp also engages with local communities through cultural exchanges and employment opportunities with over 75% of staff coming from the local communities.

Through its association with Kazi Yetu, Nyumbu Luxury Camp helps create job opportunities for women in Tanzania's tea industry by purchasing the teas enjoyed in camp and also sold to guests. These employment opportunities are not only a source of income but also a means of skills development and personal growth for the women involved.

WATER CONSERVATION

Water is a precious resource, especially in remote areas. The camp employs water-saving fixtures, such as low-flow toilets and showers.

FOOD MANAGEMENT

In our efforts to reduce food waste and promote sustainability, we meticulously manage food portions at our establishment. Each serving is carefully measured to meet the needs and preferences of our guests while minimizing excess. Our chefs are trained to prepare just the right amount of food, ensuring that every plate is enjoyed to its fullest without unnecessary leftovers. By adopting this approach, we not only minimize waste but also uphold our commitment to environmental responsibility. Guests can indulge in delicious meals knowing that we prioritize efficiency and sustainability in every aspect of our operations.

WILDLIFE

Nyumbu Luxury Camp sets up in pristine natural environments and therefore it is imperative that the camp takes measures to protect local wildlife and ecosystems. We do this by engaging local communities in conservation efforts through education, outreach, and sustainable livelihood initiatives that foster support for wildlife protection. Empowering communities to benefit from conservation activities can create incentives for sustainable resource management and reduce human-wildlife conflicts. Our guides provide educational activities for guests and local communities to raise awareness about conservation efforts.

HIGHLIGHT IN THE SERENGETI

The camp is amazing! Beautifully furnished with great food and wifi in all tents. But most important is the wonderful warm hearted staff. We were a group of 4 and had a fantastic time. Captain Bryan, the manager does a great job always trying to entertain his guests and make them happy. Not to forget the nice dinners and breakfast in the bush.

HANDS DOWN A 100/10 EXPERIENCE

I was fortunate to stay at this camp with my husband and his family over the holidays. Brian and his team have curated a truly incredible experience in the Ndutu reserve. I would call it a "once in a lifetime" but I already hope to go back as soon as possible . The tents are spacious and comfortable. The chefs and food are fresh and incredible(You can dine at a camp, in your room or in the bush). Every single member of the staff is warm and welcoming, and during my stay. I was particularly blessed to get to ring in the new year, which included a traditional celebration with members of the Maasai tribe, a delicious barbecue and lots of card games and local beers. Between the plethora of local wildlife, welcoming atmosphere and luxurious amenities you will not regret staying here....If anything you will want to extend your trip! I must also say that the decor is superb, and you will have a chance to purchase som locally made items such as necklaces, purses and jewelry that have been made with love and care. On our departure date, we were sent off with a cheerful song to assure us that life truly is amazing. Hakuna Matata

Everything is perfect from the exceptional welcome to the departure. The tents are very comfortable and tastefully decorated, the staff is charming, attentive, and seeks to anticipate the guests' desires. The charismatic "captain" who leads the team ensures attention to every detail and creates an extremely friendly atmosphere, including among the guests. The food is excellent. The view of the lake is beautiful. I recommend without reservation.

A DREAM PLACE IN THE JUNGLE!

From arrival to departure, this lodge was a celebration! We were welcomed with singing by the entire team and turned our stay of 2 nights into an unforgettable experience. The food was more than good, and the lodge (luxury tent) was amazing. Sharing stories with the captain by the campfire before dinner. Waking up in the morning with giraffes, zebras, and a lion around the tent...

AFRICAN DREAM

What a reception! In the middle of the wilderness, we were greeted with singing and dancing. Naturally, we joined in immediately, and some even kicked up their heels. We became like one big family right away, and within a few minutes, many of us had a gin and tonic in hand. We felt this authentic hospitality every second during our stay.

Due to the weather, the planned hot air balloon ride couldn't take place. Although the manager was not to blame, he apologized multiple times and actively ensured that it would happen on another day. Thank you very much!! The tents and the food... a dream. We will be back.
