WELCOME TO Kamara House

Kamara House is the newest addition to the Thornybush portfolio – a private safari home opened in May 2023 as part of the Game Lodge refurbishment. Overlooking a quiet riverbed, it's designed for multigenerational families or small groups wanting exclusive space, comfort, and service.

From the moment you arrive, your dedicated butler and warm team take care of every detail, so your only job is to relax. Spend the day on a sun lounger with a good book, take a dip in the rim-flow plunge pool, or wander over to the Game Lodge Spa for a massage or a drink on the deck.

Back at Kamara, meals are created by your private chef and served either alfresco or inside the house. You'll return from your morning game drive to the smell of home-baked bread and a table set for breakfast.

Inside, the villa-style home blends contemporary design with organic textures inspired by the surrounding bush. There are two stylish en-suite bedrooms, with a third children's room interleading from the main suite – perfect for families.

Kamara House also comes with a dedicated game vehicle, expert guide, and tracker for a private safari experience on your own schedule.
