PRIVATE BUSH LODGE

Choose Zazu!

Our reserve

Zazu Private Bush Lodge is located within the Olifants West Nature Reserve, part of the iconic Greater Kruger National Park ecosystem. This prime location offers an unparalleled opportunity to witness the Big Five and other incredible wildlife species in their natural habitat.

What sets Olifants West apart is its unique blend of exclusivity and intimacy. Unlike public reserves, you won't find overcrowded viewpoints or long lines of vehicles here. Instead, game drives in our private reserve are limited to a select number of vehicles, ensuring that every sighting remains personal and up-close. From lions on the prowl to majestic elephants cooling off in the Olifants River, your encounters at Zazu are bound to be breathtaking.

Olifants West Private Game Reserve is home to the big five (Elephant, Lion, Leopard, Buffalo and Rhino). It also boasts a variety of other animals such as Wild Dogs (Painted wolf), Zebra, Giraffe and plenty of South African antelope. The reserve is known for its diverse landscapes, ranging from dense bushveld to open savannah, providing an authentic and enriching safari experience.

The reserve also boasts a diverse range of birds. It is, in fact, a birders paradise. We have a diverse range of birds from owls and eagles to kingfishers and bee-eaters as well as everything in between.
