

# The Dune Camp

The Dune Camp is situated on a vegetated dune overlooking spectacular views of the Kalahari valleys. The Camp is on the north-eastern boundary of the Central Kalahari Game Reserve in one of the largest private game reserves in Botswana. Deception Valley Private Reserve spans more than 43 000Ha of pristine Kalahari wilderness. Designated waterholes, hidden viewing hides, vegetated dunes, natural pans and an amazing valley, offer incredible game viewing opportunities.

The camp also gives you an opportunity to embrace the San culture as they share intricate knowledge about their way of life. This cultural exchange is a fundamental part of the Kalahari experience, offering a once in a lifetime experience to your stay. Guests can take advantage of wildlife activities which include: open vehicle game drives in the private reserve and a San trail and nature walk with local Naru tribe.

The camp offers 8 en-suite chalets each with a private verandah with views of the Kalahari oasis, a main area with a bar, dining and a viewing lounge overlooking a valley as well as a swimming pool. The waterhole is a major attraction and hours can be spent sitting at the main area enjoying the view and activity as the wildlife comes for a drink.

GPS: 20°57'50.56"S 23°26'21.88"E

## 8 chalets, each including:

1 twin/double bedroom  
Ensuite bathroom  
Ceiling fan  
Power points for charging

## Main area

Elevated viewing lounge  
Dining area

### Directions: From Maun

#### From Maun via Samedupi:

Start from Builders World in Maun Boseja. Take the road out of town towards Motopi/Francistown. After 13km take the turn right towards Samedupe. After 3.5km, and after crossing the bridge over the Boteti, the tar road ends and the gravel road starts. Just continue straight. 12km on the gravel road you will pass a veterinary gate. Continue straight.

After 3.5km on the gravel road, after passing the veterinary gate, the gravel road turns sharp right. Continue on the gravel road for 7km after the sharp right turn. The gravel road then turns sharp left. Continue on the gravel road for 14km. Here, the gravel road turns right towards Somelo. Don't take the right towards Somelo, but go straight onto the sand track and leave the gravel road behind.

Just follow the sand track for 7km, then the sand track turns left and then right. Follow this main track and you will hold the cattle fence on your left for 12km. Here, the main track will turn right and then left, where you keep the cattle fence on your right. After 2.5km you will see a sign "Deon", and from here you will have a game fence on your right for 24km. Then the sand track will turn sharp left and you will find two gates next to each another.

The left gate (heavy steel gate) is for Deception Valley Private Reserve. Open this gate with the code. Make sure to lock it again after you have entered, and be careful with the electrified wires on the gate to avoid getting shocked. After entering the gate, continue straight and keep the game fence on your right for 8 km. The fence turns right here, but you have to continue straight for 3.7 km. On the horizon, you will probably already have seen the lodge located on a high dune. You will end up at the bottom of the lodge and travel 800 meters to arrive at the main building.

You have arrived. Enjoy your stay with us!

**The DVPR gate will be locked. You will need to open it using a code. Please ensure this is received prior to travel.**

### Directions: From Rakops

About 23 km outside of Rakops, on the road to Maun, there is a turn-off to the left with signs for Haina Lodge and DVL (Deception Valley Lodge). Turn left onto the sand road and continue for 60 km. Proceed to the Kuke Corner Gate (Phefodiafoka gate), pass through the gate, and keep to the left. The game fence with the CKGR will be on the left-hand side. There is a sign for DVL. Continue 23 km on this sand road until you find the sign “Deception Valley Lodge” to your right. Pass this gate and continue for another 20km until you find the gate for the Dune Camp. Open this gate with the code. Make sure to lock it again after you have entered, and be careful with the electrified wires on the gate, so as not to get shocked. After entering the Dune gate follow the arrows to the lodge. Have a safe journey, and we look forward to welcoming you at Dune Camp.

**The DVPR gate will be locked. You will need to open it using a code, please ensure this is received prior to travel.**
