

Reverie

Kalahari Pod

30 km northeast of Mariental on the C 20 (Kalahari)

Tucked away between the red dunes, lies Reverie. A unique and luxurious experience, exclusively for two. Inspired by the iconic Khoi San tradition of using ostrich eggs for storage, jewellery and sustenance, The Reverie offers guests all they need to disconnect from the strain of modern day and connect with each other. The Kalahari Desert forms the setting for a multi-level sensory Sanctuary in complete solitude.

Soft whispers, of breezes in the grass fields. Of gentle red sands, dancing along dune crests. Of the birds of the Kalahari offering rhythmic harmonies to drown out the hustle of daily life that has been left behind. Just you and your loved one and your own private universe, feeling closer to Mother Earth.

Guests will await an upmarket, fully inclusive, comprehensive experience with all meals and activities included and tailored to their interests and wishes.

A plunge pool, overlooking their private waterhole where giraffe and oryx might make an enchanting appearance, is the best scene where evenings can be spent bathing under a million stars under a perfect unpolluted sky.

Take a deep breath, your desert sanctuary awaits.
