LIVINGSTONE, ZAMBIA

Chundukwa River Lodge is a sanctuary of serenity, perfectly situated on the banks of the Zambezi River, just a stone's throw from Livingstone. Designed for those who crave a deeper connection with nature, our lodge offers a unique and enriching travel experience.

Secluded from the hustle and bustle of Livingstone, enriched with diverse Zambian wildlife and uninterrupted views of the Zambezi River from your bed - Chundukwa River Lodge is truly like nowhere else. Each room has been carefully designed to be in harmony with the natural beauty of the river - allowing free movement of hippo, elephant and the elusive otters that call Chundukwa home.

Picture yourself under the canopy of ancient trees, listening to the resonant calls of hippos drifting across the Zambezi.

Here, you're not just staying in Zambia - you're becoming part of its wild heart, enveloped by genuine Zambian hospitality and the beauty of untouched nature.

Our Ethos

We believe that sustainability is both an inner and outer journey.

At the heart of our mission is a relentless pursuit of balance—between our environment, our values, and our actions. It is not always possible to have ZERO environmental impact. We are committed to questioning, learning, and evolving. Above all, we strive to be as genuine as possible in everything we do, embracing transparency, responsibility, and care for our land, community and wildlife.

Our Commitment

We are dedicated to creating a harmonious balance between our lodge and the surrounding environment, respecting the delicate ecosystem while supporting the local community. Our core commitments include;

- **Ecosystem Protection:** We honor and protect the invaluable ecosystem that surrounds us, preserving natural habitats and biodiversity.
- **Chemical-Free Practices:** We use zero pesticides, herbicides, or harmful chemicals, ensuring that our land and produce remain pure and untainted.
- **Solar Power:** When the sun sets, it keeps us running. Solar-powered energy is central to our operations, reducing our reliance on non-renewable resources.
- **Minimizing Plastic Waste:** We are continuously working to reduce single-use plastics throughout the lodge, from guest amenities to kitchen storage.
- **Organic Produce:** Whenever possible, we use organic ingredients—both in our food and guest consumables—ensuring a healthy, sustainable experience for our guests.
- **Support for Local Farmers & Entrepreneurs:** We proudly source our products from local farmers and collaborate with local business owners, drivers, weavers, artists, and artisans. Nurturing these partnerships and empowering local initiatives is at the core of our mission. By supporting local talent and sustainable practices, we contribute to the growth and resilience of our community.
- **Animal Welfare:** We are committed to the ethical and kind treatment of all animals, both within our lodge and in the wild.

We Support

REALLY GOOD FOOD

Lovingly nourished by compost from our farmyard, our veggie patch is home to a vibrant selection of fruits, vegetables, and herbs. The healthy ecosystem, confirmed by the hum of bees and insects, ensures that our food is grown naturally, without harmful chemicals. When we can't grow something ourselves, we source from local growers.

COMMUNITY PARTNERSHIPS

We believe that the future of wilderness conservation lies in sustainable land management. That's why we work closely with local communities, sharing knowledge and practices that protect the environment while empowering the people who live here. By fostering responsible land-use strategies, we help preserve the wilderness for future generations while supporting local livelihoods.

THE CHUNDUKWA FOUNDATION

Through the Chundukwa Foundation, we are actively involved in wildlife conservation and community upliftment. Our foundation supports the rehabilitation of orphaned wildlife, trains locals in animal husbandry, and provides educational assistance to a local school.
