Welcome to Mana Sands!

**At sunrise, the Zambezi River shimmers like liquid gold along the banks of Mana Pools, one of Africa's last truly wild places.** Here, beneath towering mahoganies and albida trees, Mana Sands was created for those who seek a deeper connection with nature – where the thrill of walking safaris, the quiet of the river and the wisdom of Zimbabwe's legendary guides come together in an experience unlike any other.

Our camp is secluded, intimate and immersed in the wilderness, offering a safari that is raw, authentic and deeply personal. This is not about luxury for luxury's sake; it's about feeling the pulse of the wild – whether tracking lions on foot, drifting past elephants on the Zambezi, or gathering under the stars to share stories by the fire.

We can't wait to welcome you to Mana Sands, where every sunrise brings a new adventure and every sunset leaves a lasting memory.

See you soon in the wild,

# LODGE FACILITIES & SERVICES

At Mana Sands, we've designed our camp to **offer comfort without compromising the wilderness experience**. Here's what you need to know about your stay:

## ACCOMMODATION

Your tented suite is designed to blend seamlessly with nature, offering comfortable beds, ensuite bathrooms and breathtaking views of the Zambezi floodplain. **The open design allows you to feel fully immersed in the sights and sounds of the bush, while still enjoying the privacy and comfort of a luxury safari.**

## WI-FI

We understand that in today's world, staying connected can be important – even in the heart of the wilderness. **While Mana Sands encourages a digital detox, we also recognise the need to check in with loved ones or handle urgent matters.** Guests who wish to stay connected can request WiFi in their tent. We encourage you to take this time to disconnect, recharge and immerse yourself in one of Africa's last true wildernesses – while still having the option to reconnect when needed.

## POWER & CHARGING

**Mana Sands is solar-powered.** Charging points are available in your tent for small electronics like cameras, phones and laptops, but please refrain from bringing high-power devices (hairdryers etc.) due to our solar system's limitations.

## LAUNDRY SERVICE

A complimentary laundry service is available during your stay, subject to weather conditions and water availability. Dry cleaning is not available.

## TIPPING AT MANA SANDS

While tipping is not expected, it is always appreciated as a thoughtful gesture of thanks. Many of our guests choose to leave gratuities for those who helped make their stay memorable, and we are sincerely grateful for that kindness.

We recognise that tipping customs vary widely across cultures, and we encourage guests to tip in a way that feels appropriate and comfortable to them. Whether you choose to leave a monetary tip or simply offer a warm thank-you, your appreciation means the world to our team.

## GENERAL TIPPING CONSIDERATIONS

Tipping amounts are entirely up to you and can be influenced by personal budget, service experience, and individual preference. As a general guideline, \$5 to \$25 per guest, per day is a commonly observed range—but any amount is welcome, and a sincere thank-you is always valued.

### Camp Staff Tips

Mana Sands follows a communal tipping policy for service staff. All tips are pooled and distributed equally among the broader team, ensuring that everyone who contributed to your experience—be it the chefs, housekeepers, or support crew—is acknowledged.

Envelopes are provided in your room folder, and tips for the general camp staff can be handed to the camp manager or head waiter at the end of your stay.

### Guide & Camp Management Tips

Unlike camp staff, guides and camp management do not participate in the communal tipping system. If you wish to leave a tip for your professional guide or camp manager, separate envelopes are available for this purpose. These can be handed directly to the individual or passed discreetly to the camp manager.

# CONSERVATION & RESPONSIBLE TOURISM

At Mana Sands, **we are privileged to operate in a UNESCO World Heritage Site** and with that privilege comes a deep responsibility to protect the delicate balance of this wilderness. **Our approach to safari is rooted in respect for the environment and the wildlife that calls Mana Pools home.**

## OUR COMMITMENT TO CONSERVATION

**Low-Impact Operations** – Our camp is designed to blend into the landscape, using eco friendly materials and construction methods and harnessing solar power to minimize our footprint.

**Eco-Friendly Practices** – We follow strict waste management protocols, reduced plastic use and operate with an ethos of leaving no trace.

**Ethical Wildlife Viewing** – Our guides adhere to ethical safari practices, ensuring that wildlife interactions are respectful and non-intrusive.

## RESPONSIBLE SAFARI ETIQUETTE

**To help preserve this pristine environment, we encourage guests to:**

- **Follow your guide's instructions** when viewing wildlife to ensure safety and minimize disturbance.
- **Keep noise levels low** on game drives and walks to maintain a natural experience.
- **Refrain from feeding or approaching wildlife**, as this disrupts their natural behavior.
- **Dispose of waste responsibly** – our team will assist with eco-friendly disposal methods.

**Your presence here directly contributes to the ongoing preservation of Mana Pools and by traveling responsibly, you help protect one of Africa's last truly wild places for future generations.**
