

SAFARI EXPERIENCES

in the Luangwa Valley

Kafunta
SAFARIS

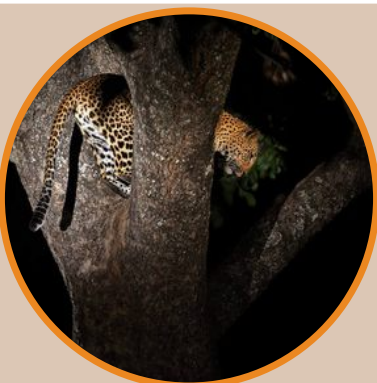

GAME DRIVES

Game drives are the most popular way to discover the park and observe all the astounding wildlife and birdlife of South Luangwa. We offer morning and afternoon game drives with our qualified guides in customised open vehicles, and the afternoon drive extends as a night drive.

WALKING SAFARIS

The Luangwa Valley is one of the few places in Africa where it is possible to walk amongst the wilderness. Under the guidance of our professional guides and an armed national park scout, you have the opportunity to safely discover the secrets of the African bush up close and personal.

NIGHT DRIVES

Our afternoon game drives continue after sunset to have the unique opportunity to observe those animals which are active only at night and to have a chance to see the larger predators such as leopards, lions and hyenas on the move and possibly hunting.

BIRDING SAFARIS

South Luangwa is a paradise for keen bird watchers, with over 420 recorded species of birds, including 39 birds of prey and 47 migrant species. If you are a dedicated ornithologist, we offer specialised birding safaris with our passionate guides. Prior arrangement and private vehicle recommended.

PRIVATE SAFARIS

If you're a keen photographer and want to have more control over your activities, private safaris with the exclusive use of our vehicles and guides are the way to go. You can immerse yourself in the African bush in total solitude and away from other guests. Prior arrangement necessary (extra charge).

More activities

PHOTOGRAPHIC HIDES

Photographic hides offer great photo opportunities. We have one at the main lodge and one at Island camp. A great way to relax during the day, watching wild animals strolling by and spotting the many waterbirds.

STAR BED

At Three rivers Camp you can enjoy a night under the stars. Each tent offers it's own private sleep-out option, safely connected to the tent for convenient access day and night. Plush beds and a mosquito net, surrounded by the sounds of the African bush.

SWIMMING POOL & HOT TUB

Located at Kafunta River Lodge, our infinity pool is hard to resist after a busy morning on game drives. Put your feet up on one of the loungers or try out the only natural hot tub in the Valley! Our hot tub is fed directly from a geothermal source.

WELLNESS SPA

Skip the siesta and indulge with a deep-tissue massage or treat yourself with a delicate facial treatment at our intimate spa. Our in-house therapist is amazing!

ART & CRAFT

Make sure to visit some of the talented artists of the valley and support them while shopping for fun: Project Luangwa Craft Shop, Tribal Textiles & The Artisans Market, Mulberry Mongoose, Azimai, etc.

CULTURE & CONSERVATION

Expand your African experience with a cultural visit to town and Project Luangwa. Learn more about wildlife preservation with a stop at Conservation South Luangwa or take a tour of the Chipembele Conservation Center.
