

BEYOND THE ORDINARY

## SOME HORIZONS STOP YOU MID-SENTENCE

Amboseli is one of the few places on earth where the landscape does the talking. The plains run wide and pale bleached salt flat and dust, silence broken only by the movement of elephants through the fever trees. Above it all, Kilimanjaro rises without ceremony: white cap, blue sky, nothing else needed.

Soroi Amboseli sits within a forested enclave at the heart of the park. The tents face the mountain. So does everything else here the rhythm of the mornings, the angle of the light, the particular quality of stillness that arrives just before the herd crosses the pan.

## GAME DRIVES

Ambosemi is one of the finest game viewing destinations in Africa and the reason is simple. The open plains leave nowhere to hide. Elephants move in family groups across the salt flat, lions rest in the fever tree shade, and all of it unfolds against the changing face of Kilimanjaro. Choose a morning drive to catch the light on the mountain at its best, or an evening drive when the herds gather at the swamp's edge as the sun drops behind the summit.

All game drives are performed in open  
4 x 4 vehicles

*AM or PM · Shared or private vehicle*

## BALLOON SAFARI

There is only one way to understand the true scale of Ambosemi and that is from above it. At dawn, before the camp stirs and before the mountain loses its pink, a hot air balloon lifts you over the plains as the day begins below. Elephant herds move in slow procession across the salt flat. The swamp catches the first light. Kilimanjaro fills the entire southern sky in a way that no photograph has ever quite managed to capture.

*Price on request · 4 to 5 hrs · Min 2 adults.*

## OUT OF AFRICA EXPERIENCE

As the afternoon light turns amber and the dust rises from the plains, your vehicle stops somewhere the horizon is uninterrupted and the mountain is directly ahead. Cold drinks, warm light, and whatever the evening decides to put in front of you. No two sundowners here are the same.

*Soroi Amboseli is part of the Soroi Collection, a family of luxury properties united by a commitment to Kenya's wild places and the communities that call them home. A portion of every stay contributes directly to the Community Wildlife & Conservation Project*
