DINING AT BUPENYU LODGE

The culinary journey at every meal

Every culinary touchpoint at Bupenyu Lodge is infused with elegant simplicity, a collection of local flavours and sustainable culinary practices. Dining at Bupenyu Lodge is designed to enrich the guest experience, offering a journey of the senses and creating exquisite memories.

DINING AT BUPENYU LODGE

Mealtimes unfold in various locations, occasionally with show kitchens for added sophisticated theatrical flair. Dining takes place in the main restaurant and the outdoor boma or – by special request – in the privacy of guests' suite or villa, or in the intimate bird hide.

A variety of dining styles is embraced, from floating breakfasts, harvest tables, à la carte menu options and casual, grab-and-go salad lunches to boma braais, buffet dinners, as well as elevated bush dining with fine dining flair.

Sustainability conscious dining

Our culinary team prepares fresh, flavourful masterpieces for every dish, inspired by local, traditional African cuisine. Menu items have been meticulously curated with sustainability in mind, using fresh, authentic ingredients sourced predominantly from our own garden, The Orchard.

We focus on growing indigenous produce in our garden, enabling the use of hyper-local ingredients, but also rely on other local suppliers which allows us to support nearby community members.

Guests are afforded the opportunity to harvest produce and learn about these food items and how they are grown during guided tours of The Orchard.

All-day poolside dining

As an extension of our dining offering, we have created an all-day poolside menu that incorporates a selection of light, healthy and refreshing items that combine thoughtful flavour combinations and unexpected creativity – complementing the culinary journey enjoyed throughout the luxury boutique lodge.

Gourmet picnic meals

Our chef-prepared picnic baskets are available by special request and are filled with fresh, seasonal and flavourful delicacies – the perfect accompaniment on a daytrip or sightseeing adventure beyond Bupenyu Lodge.

Sunset gin tastings

Sunsets are a wondrous highlight at Bupenyu Lodge, where the dramatic landscape amplifies the painted evening skies. In true Southern African safari tradition, guests can celebrate this golden hour with our signature gin tastings – a nod to the enduring popularity of the gin and tonic across the region.

At our build-your-own-gin station, guests can explore premium gins paired with complementary herbs, fruits, and tonic waters, creating a personalised sundowner ritual that honours the spirit of safari. For those seeking other tastes, a selection of additional alcoholic and non-alcoholic options is always available, ensuring a bespoke experience for every guest.

Interactive tea ceremonies

Offering guests a unique touchpoint on their culinary journey at Bupenyu Lodge, our tea ceremonies provide insights into various loose-leaf tea types, their origins and uses. To round off the experience, guests can enjoy a special tea tasting.

Wines and wine cellar

Newmark's specialist group sommelier has meticulously compiled a selection of superb local and international wines. The wine journey has been specifically curated to complement guests' dining experiences at Bupenyu Lodge.

For a deeper understanding and appreciation of these wines, guests can enjoy intimate wine tastings at the on-site wine cellar.

SUSTAINABILITY AT BUPENYU LODGE

The culinary journey at every meal

Bupenyu translates to the state of being alive. With appreciation for our surroundings, abounding in various life forms, we desire to conserve the ecosystem and preserve the natural splendour that is characteristic of this region. We do so in the following ways:

- Leveraging solar energy — We have installed over 700 solar PV panels that generate renewable energy for use at the lodge.
- Using sustainably sourced potable water — We use water from our well points and water storage to water our gardens, thereby reducing our demand on this valuable resource.

- Growing indigenous produce in our onsite garden — We cultivate our own produce, including fresh fruits, vegetables and herbs. This enables us to use seasonal ingredients and to foster a culture of sustainability among our staff and guests.

Supporting surrounding communities

We also have a heart for helping nearby communities to improve their livelihoods. We do so in the following ways:

- Employing local workers — At Bupenyu Lodge, we are committed to creating meaningful opportunities for the local community. The majority of our team is proudly made of skilled individuals from the Victoria Falls area, ensuring authentic hospitality while supporting sustainable livelihoods. Through training, employment, and development initiatives, we invest in the people who make this place truly special.
