

## Perched on the edge of the iconic Maasai Mara Reserve, this exclusive six-suite residence redefines the safari experience.

Elevated wooden walkways weave through the property, leading guests into a world of tranquillity. A serene water feature and vast, open-plan spaces set the tone for a stay that is as peaceful as it is inspiring.

The design language throughout the villa is inspired by the Japanese philosophy of Wabi Sabi—embracing organic textures, calming earth tones, and a grounding connection to nature. A cosy media room with a large screen and wood-burning stove that invites stillness, while the option of air conditioning ensures comfort in every season.

At the heart of the villa lies an expansive lounge with a fireplace, flowing seamlessly onto a broad deck that overlooks the wilderness beyond. Here, time slows.

For those with a passion for fine wines, a dedicated wine room awaits—curated with a selection of over 47 bottles, featuring 65% from South Africa's most acclaimed vineyards and 35% from exceptional global producers. Our plant-rich menus, designed by a team of expert chefs, celebrate local ingredients and are tailored to guests' preferences, making each meal a sensory delight. The rooftop terrace offers a beautifully landscaped lawn—ideal for stargazing or a candlelit dinner under the vast African skies. Adjacent to the 15m x 5m infinity pool, a private wellness space includes a gym, sauna, and steam room—perfect for unwinding after a morning on safari. Zamara Private features an inviting on-site spa, designed for relaxation and rejuvenation.

Each of the six suites is a private sanctuary, with natural grass planted roofs that blend into the landscape. Inside, thoughtful touches abound: overhead fans, air conditioning, a private outdoor deck, and the rare luxury of a shower beneath the stars. Whether you are exploring the Maasai Mara on safari or savouring quiet moments with family and friends, this residence is your invitation to reconnect with nature, without compromise.

This is not merely a place to stay—it is a place to be.

## ACTIVITIES

### Wildlife viewing

Early morning, afternoon/evening or even full-day safari drives take place in some of the Mara's most luxurious wildlife-viewing vehicles. Each Toyota Land Cruiser safari vehicle is open-sided, canopied and customised for photographers (fold-down screens, raised roofs, photographic bars, multi-plug inverters). Each vehicle is also stocked with a fridge with drinks and snacks, ready for longer days out if the wildlife viewing is exciting and just too hard to leave.

Every day on safari brings a unique and distinct experience. Safari drives typically start at sunrise, return for lunch and depart again in the mid-afternoon before returning just after sunset.

However, with a packed breakfast and lunch, we often go out all day deep into the Maasai Mara National Reserve.

Our schedule is flexible, and guests are encouraged to create their own itinerary according to their interests with guidance and recommendations from our professional guides.

### Guided Walks

Guided nature walks are possible at Zamara Private.

### Hot Air Ballooning

Hot air ballooning over the Maasai Mara is available at an additional cost and is a truly an unforgettable way to experience the landscape and sunrise.

### Great Plains Foundation Guest Experiences

At Zamara Private, guests can take part in meaningful Great Plains Foundation experiences that celebrate people, purpose, and place. Visit a Great Plains Bridge, a vital link for local communities; spend time at a partner school, engaging with students and teachers; or join Conservation Roots, planting an indigenous tree to leave a legacy of regeneration. Guests are also invited to visit a local women's group, where Maasai women share their culture through beadwork and sustainable projects that uplift their families and communities.

### Private vehicle option

Private vehicle hire is not applicable at this property as all wildlife viewing activities are on an exclusive and private basis.

### Great Plains Conservation

## FOUNDATION INITIATIVE

### Conservation Roots

Great Plains is on a mission to restore ecosystems, improve food security and support climate change mitigation and adaptation through tree planting. Through Conservation Roots, Great Plains is partnering with local communities to plant indigenous trees and, where appropriate, non-native, non-invasive, fruit trees in Kenya, Botswana, and Zimbabwe. Working with local communities, partner organisations and school systems, Conservation Roots plants and distributes trees and teaches their value and critical role in functioning ecosystems. In addition to our own programmes Great Plains Foundation keeps a list of school needs in the countries where we work. Needed items can be hand-carried by travellers or we can help purchase them locally.
