Many people from all over the world flock to the town of Victoria Falls to see for themselves the thundering waterfall that is one of the seven wonders' of the world. Having already planned your trip and paid for your airfare, it makes perfect sense to make the most of the journey and experience some of the other wonders on offer.

Be a part of the journey

A serene sunset scene over a body of water. The sky is a gradient of orange and pink, reflecting on the calm water. In the distance, a small boat is visible on the water. The background is a dense line of trees. The overall mood is peaceful and contemplative.

The magic of the Zambezi

LIVE LIFE ON THE WILD SIDE

Experience the Zambezi National Park in style

The Zambezi River has attracted explorers for centuries, ultimately resulting in the development of the Zambezi National Park which continues to lure visitors from southern Africa and abroad who have traditionally made use of basic chalets or tents as a base from which to sight-see in the park. Chundu Island offers a new, stylish alternative: comfortably appointed large canvas rooms with palm thatch, private daybeds, a full service bar, swimming pool, in-room massages, as well as safaris and land activities in comfortable vehicles with individual bucket seats, and on water inflatable canoes and large comfortable barges for sunset cruises along the banks of the reserve.
