

The Private Bush Suite is situated in the open Acacia thornveld within the secluded wilderness area of the Okonjima valley with a backdrop of the sandstone Omboroko Mountains. Located on the edge of a natural waterhole, its two separate, luxury, en-suite bedrooms under a double-volume thatched roof can accommodate a family or group of four travel partners.

The Bush Suite consists of:

- Two separate, private, en-suite bedrooms under a double-volume thatched roof.
- A modern, chef-designed kitchen with wine and soft drink coolers, gas and electrical cooking facilities and a double-door refrigerator with a built-in ice maker.
- A wood-burning fireplace that brings together the spacious lounge and dining areas, as well as outdoor dining options.
- A 13-metre private swimming pool.
- Wi-Fi and cellphone reception.

Each bedroom offers:

- Double volume thatched roofs with aircon, fans and heating facilities.
- Two queen-size beds.
- Large glass-panelled windows with 180-degree views of the surrounding vistas
- An inside and outside shower as well as a bath, toilets and bidets with views of the Namibian bush.

Our discreet hosts and chefs attend to all your needs from turn-downs to gourmet meals to ensure a relaxed luxury safari experience at Okonjima's Bush Suite that's hard to rival.

Child Policy:

Okonjima Bush Suite welcomes families with infants from birth (0 years) and older.

We offer a child-friendly environment; however, due to the nature of our activities, certain activities have age restrictions.

- Age 3 and above: Children can participate in the Game & Nature Drives.
- Age 6 and above: Children can participate in all park activities, except for Pangolin Tracking, Rhino Tracking on foot, Into AfriCat – Behind the Science and Guided Walking Trails.
- Age 8 and above: Children can participate in park activities, except for Pangolin Tracking, Rhino Tracking on foot and AfriCat – Behind the Science.
- Age 12 and above: Children can participate in all available activities.

Children must be supervised by their parents in and around the lodge and surrounding areas. They are not permitted to swim unaccompanied. Regrettably, no child-minding services are available. Parents are always responsible for their children's safety.

Okonjima Nature Reserve:

Nestled at the base of the Omboroko Mountains, the family-operated Okonjima Lodge is surrounded by acacia thornveld, in an area free from Malaria.

Located between Windhoek, Namibia's capital, and the Etosha National Park, the lodge offers convenient access. It's reachable with a mere two-and-a-half-hour drive or a swift one-hour flight from Windhoek to the private airstrip within the expansive 22,000-hectare (55,000-acre or 220 km²) nature reserve. Famed for the regular sightings of leopard, brown hyaena and pangolin during safaris, the Okonjima Nature Reserve is also the dwelling place of The AfriCat Foundation – founded in 1991 and officially registered as a private, not-for-profit, non-governmental organization (N.G.O.) in 1992.

AfriCat stands out for conducting one of Namibia's longest-running Leopard Monitoring Projects. Additionally, the AfriCat Pangolin Research Project is among the few initiatives worldwide dedicated to studying free-roaming pangolins. Committed to substantial conservation endeavours, AfriCat's dedication to safeguarding wildlife in their native habitat is profound. This commitment extends across the expansive 200km² Okonjima Nature Reserve.

The partnership between the Okonjima Lodges, the Okonjima Nature Reserve and the AfriCat Foundation is a demonstration of the symbiosis between conservation and tourism. Research by the AfriCat Foundation has confirmed that the Okonjima Nature Reserve is an ideal ecosystem for leopard, brown hyaena and pangolin. The Reserve is thus one of the best places in the country to see these normally shy and elusive animals.

Our activities captivate and inspire even the most seasoned travellers. Please take a moment to browse the Activity Information PDF, which includes details on:
