

SEEDBALLS

RE-GREENING KENYA, ONE SEEDBALL AT A TIME!

At Saruni Basecamp, we are committed to protecting the future of our wildlife and the communities who safeguard them.

We have partnered with Seedballs Kenya to help re-green our parts of the country.

Simply throw the seedballs into degraded areas as you pass on your game drive. A seed, encased in a fertile charcoal crust, will germinate and soon these areas will be covered once again with indigenous trees and shrubs.

01 Buy

Swap your daily latte for a \$3 box of seedballs, available from our shop or through the lodge managers.

02 Throw

Throw the seedballs into areas with little competition from other plants and trees.

03 Grow

Stay in touch with the project through our regular updates on social media and join the growing community of 'seeders'.

ONLY US\$3 A BOX!
