Casa en Lima

Serene and intimate with a timeless aesthetic, this 6-room Casa is located on a quiet corner at a walking distance from Lima's chic hub.

This quaint 1940's Peruvian Tudor comes from the same award-winning design team behind Titilaka and CIRQA. The Casa offers the full services of a grand hotel in a quiet and intimate setting for the exclusive use of guests and their friends.

The 6 rooms are distributed on two floors. On the first floor, two rooms, our salon, the terraced garden lounge, veranda, the House Kitchen, and Honesty Bar. On the second floor, four rooms and our reading area with a work station and a courtesy bar.

At our House Kitchen guests can help themselves to a coffee and tea, to any drinks and snacks, or to any of daily baked sweet and savoury specials at any time.

Our host concierge is always available to help guests organise their visit to Lima, whether that be restaurant reservations, transportation, excursions in and around the city, or anything else guests may need.
