

RELAXING BACK & NECK & SHOULDER MASSAGE

\$90 60 min

\$120 90 min

Fatigue Relief

This massage is aimed toward decreasing tension within the deeper muscle tissues to rid the body of taut (tight) muscle bands that limit your range of motion. It is most beneficial for the relief of muscle pain because, during a tissue massage, your brain will release your body's natural feel-good hormone.

We advise you to wear your bathing suit, underwear or a robe for your privacy and comfort.

Please book your appointments in the main office or directly with the spa therapist.
