GREAT PLAINS

CONSERVING AND EXPANDING NATURAL HABITATS

ESTABLISHED 1981

Set in one of the most pristine wilderness areas left on our planet, Selinda Camp rests on the banks of the Selinda Spillway, as it enters the Linyanti River.

The private Selinda Reserve boasts elephants by the thousands, regular sightings of the Selinda pack of African wild dogs as well as the famous Selinda Lion Pride recently feature in the National Geographic film "Birth of a Pride" by Dereck and Beverly Joubert. The area has a sense of remoteness, a true spirit of Africa, and is a great example of Botswana bush embodying a variety of species and rare animals.

Selinda, a Relais & Châteaux member, represents the meeting place of three cultures; European, Mokololo and Bayei and is themed to resemble that of the thatched village of Sangwali. Spears, shields and an African version of Robinson Crusoe is the enduring theme through the camp, and its architectural design elements center around water, air, earth and fire, all of which ground the design. Selinda's design pays homage first and foremost to Water, with splashes of blue and crystal-clear swimming pools offering views over the equally immaculate Selinda Spillway to ease your arrival, usually by boat.

The afternoon breeze that ripple the endless sea of nearby grasses is a tribute to Air. Earth is represented in the cornucopia of home-grown meals lovingly prepared in our kitchens, fresh from the earth, and the bright flames of our evening Fire complete the ethos of being in harmony with nature's natural elements. There is in some cultures a fifth element, 'metal', which is also incorporated into the design.

In addition to the three main suites, the Selinda Suite (like its fellow Dhow Suite at Zarafa, Sitatunga Private Island Suite and the Duba Plains Suite), consists of a two-bedroom tented suite. The Selinda Suite operates exclusively, as guests enjoy their own private vehicle, safari guide, chef, manager/butler and entrance to their residence.

The safari drives, walks, boating, tracking, birding and other bespoke viewing activities are designed to place you in front of the best wildlife the area has to offer for a unique one on one life changing experience, from leopards to elephants and hippos and aim to tick off as many as the 200 or more bird species in the area.

ACTIVITIES

The Selinda Suite offer complete flexibility with your own private guide and vehicle.

Safari drives

Early morning, late afternoon/ evening or even full-day safari drives occur in some of the most luxurious wildlife-viewing vehicles. Each Toyota Land Cruiser is open-sided, canopied, and customised for photographers with fold-down screens, raised roofs, photographic bars, and multi-plug invertors, all in keeping with the origins of Dereck & Beverly Joubert as National Geographic photographers. Our vehicles also have fridges stocked with drinks and snacks, ready for longer days out if the wildlife viewing is exciting and just too hard to leave.

Every day is different on safari. Safari Drives often start at sunrise, returning to camp for a late breakfast and departing again mid-afternoon after tea before returning just after sunset. However, guests can often spend the entire day out in the veld with a packed breakfast, lunch, and beverages if they wish. Our safaris will often continue into the night in search of nocturnal species. Night drives are incredibly prolific, and while they take patience, sightings commonly include lesser-known nocturnal mammals and even lion and hyena hunts.

Our schedule is flexible, and guests are encouraged to create their own itinerary according to their interests with guidance and recommendations from our professional guides.

Enjoy wildlife viewing from this property on our online HD hide-cam 24 hours a day. Visit [greatplainsconservation.com/live-african-wildlife-webcam/#the-basin](https://www.greatplainsconservation.com/live-african-wildlife-webcam/#the-basin) for more information.

Guided walks

If stretching one's legs and getting a feel for Africa by foot is the guest's preference, then it's possible to arrange morning walks with a licensed, armed guide. There is simply no better way to experience the magic of this unique destination.

Boating

Selinda is primarily a land-based activity camp; however, boating is possible on the Selinda Spillway in one of the camp's powerboats, water level dependent.

Fishing

You can toss the bait with some rod/reel fishing from March to December each year, water level dependent.

Photography

- The Selinda Suite offers a custom-built Land cruiser specially designed for our conditions and photography (fold-down screens, raised roofs, photographic bars, multi-plug invertors). The Cruiser is fully stocked with drinks and snacks;
- The Suite has a professional camera set, including two camera bodies with two 100-400mm lenses and one wide angle lens. Photos will be downloaded to a storage device on guest's departure. Each bedroom also comes with a pair of high-quality binoculars for guest use.

Private vehicle option

Available as standard.

Private Guides

Private guides are encouraged and welcomed.

Scenic Flight and Champagne Stop

Enjoy an aerial viewing experience with great scenery across the Linyanti/Savuti and Selinda Spillway. Add a 15-minute champagne stop on palm island en route. Must be booked in advance and is subject to extra cost and availability.

FOUNDATION INITIATIVE

Solar Mamas

The Great Plains Foundation's Solar Mamas developed the Solar Mama initiative to address the lack of economic opportunities and electricity deficit in remote villages bordering Botswana's Okavango Delta. Nine Solar Mamas left their villages in Botswana to attend a six-month solar power training program in India through Barefoot College International. They each returned home with the skills to build, install and maintain solar home lightings systems. These Solar mamas are empowered to establish and run a business and provide sustainable energy for their community. The project's current phase aims to supply equipment for the Solar Mamas to electrify rural households in this remote region where only 35% of homes are electrified, thereby improving the quality of life in our surrounding communities. Learn more at www.greatplainsfoundation.com

In addition to our own programs Great Plains Foundation keeps a list of school needs in the countries where we work. Needed items can be hand-carried by travelers or we can help purchase them locally.
