SELINDA RESERVE | NORTHERN BOTSWANA

GREAT PLAINS

CONSERVING AND EXPANDING NATURAL HABITATS

**The Dhow Suite at Zarafa is an exquisite two-bedroom tented suite located on the private Selinda Reserve in northern Botswana, an area linking the Okavango Delta and the Chobe/Savute corridors.**

Few properties rival the location of this little gem built entirely under canvas, as one of the largest suites ever built on the continent. The Dhow Suite is located adjacent to Zarafa Camp which, together with Duba Plains, Sitatunga Private Island Suite and Selinda Camps, is one of only four Relais & Châteaux properties in Botswana. Overlooking the crystal waters of Zibadianja Lagoon, the source of the famous Savute Channel, every area of the suite has a magnificent view. The lagoon is also the water source for a tremendous population of wildlife – dry season sightings boast buffalo and elephant by the hundreds.

Zarafa Camp is the brainchild of the founders of Great Plains Conservation, who pooled their collective experience on safari to create what they deemed to be the best and most environmentally innovative camp. Zarafa means “the beloved one” or “the lovely one” in Arabic. The name comes from a giraffe, which was presented to Charles X of France in 1826 by the Viceroy of Egypt. She travelled from Africa in a traditional Dhow boat, and it was on this journey that she was given her name reflecting her true elegance and splendor.

The suite, 210 square metre (2,260 sq ft) in extent, is under beige, flowing canvas, with canopy ceilings and completely open (yet netted) sides. Entering through the heavy wood Lamu door transports guests to a lavish space of deep reds, browns, brass and copper, evoking richness and beauty.

The Dhow Suite at Zarafa successfully retains a clearly African feel, while balancing that delicate relationship between personal and informal and romance and adventure. There is no equal in terms of its environmental credentials and its careful appointments.

Selinda Reserve, at the crossroads of some of northern Botswana’s most prolific wildlife areas, boasts staggering wildlife populations year-round. Home to some of the classic species, such as leopard, lion, elephant, buffalo, Red lechwe, zebra and giraffe, it is also a refuge for some of the more uncommon species such as African wild dog (which usually den each dry season near camp), cheetah, roan and sable. And for birders, it will not disappoint. Our nearby African skimmer colony is a highlight, as are the antics of the Black egret on the shores of Zibadianja Lagoon.

From the Dhow Suite, hippos are visible in the Lagoon and elephant wander through regularly. Night noises will either lull you to sleep or wake you from a deep slumber. It is an exciting area, and guests are in the heart of a wilderness wonderland.

## ACTIVITIES

The Dhow Suite at Zarafa offer complete flexibility with your own private guide and vehicle.

### Safari drives

Early morning, late afternoon/ evening or even full-day safari drives occur in some of the most luxurious wildlife-viewing vehicles. Each Toyota Land Cruiser is open-sided, canopied, and customised for photographers with fold-down screens, raised roofs, photographic bars, and multi-plug invertors, all in keeping with the origins of Dereck & Beverly Joubert as National Geographic photographers. Our vehicles also have fridges stocked with drinks and snacks, ready for longer days out if the wildlife viewing is exciting and just too hard to leave.

Every day is different on safari. Safari Drives often start at sunrise, returning to camp for a late breakfast and departing again mid-afternoon after tea before returning just after sunset. However, guests can often spend the entire day out in the veld with a packed breakfast, lunch, and beverages if they wish. Our safaris will often continue into the night in search of nocturnal species. Night drives are incredibly prolific, and while they take patience, sightings commonly include lesser-known nocturnal mammals and even lion and hyena hunts.

Our schedule is flexible, and guests are encouraged to create their own itinerary according to their interests with guidance and recommendations from our professional guides.

## Guided walks

Guided walks can also be arranged and are led by licensed guides with firearm training.

## Photography

- There is a custom-built Land Cruiser specially designed for our conditions and photography (fold-down screens and raised roofs) with four individual bucket seats;
- The Suite has a professional camera set, including two camera bodies with two 100-400mm lenses and one wide angle lens. Photos will be downloaded to a storage device on guest's departure. Each bedroom also comes with a pair of high-quality binoculars for guest use as well.

## Boating

- Zarafa offers guests a unique pontoon experience. The pontoon is known as H.E.S. Zib. The pontoon provides a 275 sq. foot deck complete with couches, a dining area and a bar where guests can comfortably enjoy floating brunch or sundowners while watching hippos and elephants in the water. It is also an exceptional platform for birding;
- There is also a flat-bottomed aluminium power boat to explore the lagoon and channels around the area.

## Fishing

Fly-fishing and rod/reel kit is available between March and December for those who want to try their cast at the local bream on a catch and release basis.

## Private vehicle option

Available as standard.

## Private Guides

Private guides are encouraged and welcomed.

## Scenic Flight and Champagne Stop

Enjoy an aerial viewing experience with great scenery across the Linyanti/Savuti and Selinda Spillway. Add a 15-minute champagne stop on palm island en route. Must be booked in advance and is subject to extra cost and availability.

## FOUNDATION INITIATIVE

### Great Plains Earth Academy

Conservation is only successful when communities living alongside wildlife and protected areas are afforded opportunities to learn, interact, and benefit from these conserved areas.

In Ngamiland, in the upper reaches of the Okavango Delta, there is a community we care deeply about and want to support in their journey to prosperity, with strong links to the environment. In support of that community, the Great Plains Foundation has launched the Great Plains Academy to provide personal and community enrichment opportunities for individuals living alongside wildlife. The goal of the Great Plains Academy is to provide vocational training, supplemental education and scholarships with a conservation and tourism focus to those living alongside Botswana's Okavango Delta. All programs seek to invest in the skill and capacity of the individual while imparting respect for natural heritage and a solid conservation ethic. Learn more at - [www.greatplainsfoundation.com](http://www.greatplainsfoundation.com)

In addition to our own programs Great Plains Foundation keeps a list of school needs in the countries where we work. Needed items can be hand-carried by travelers or we can help purchase them locally. To learn more or to help support students and educators as part of your trip please reach out [info@greatplainsfoundation.com](mailto:info@greatplainsfoundation.com)
